MEMORANDUM FOR AIR FORCE MEDICAL OPERATIONS AGENCY

SUBJECT: TDY Voucher

I've enclosed 2 copies of my orders and the transportation request used at Brooks (airline schedule with accounting information) for the RECC's use. I'm glad we finally found the School of Aviation Medicine records, and even happier there were no smoking guns in the boxes of records. Thanks for all your help in this "interesting" project. Major Bob Liu will be your point of contact now for radiation issues, his DSN is the same as mine.
