500.

John B. Youmans, M. D.
Dean, Vanderbilt University
School of Medicine
Nashville 5, Tennessee

Dear Doctor Youmans:

I am inclosing a copy of a letter; Subject: Plans for Chronic Toxicity Studies on Irradiated Foods, from Headquarters, Medical Nutrition Laboratory, dated 20 December 1954 with two protocols (Tab A and Tab B), as well as the estimate of expenses (Tab C), addressed to the undersigned.

Your attention is invited to paragraph 2 of the above mentioned letter pertaining to the latter proposed protocol (Tab B).

Your advice and recommendations would be appreciated concerning this protocol in order that we may know which protocol should be followed in undertaking the proposed chronic toxicity animal studies on foods sterilized by irradiation by the Medical Nutrition Laboratory. Any additional comments or recommendations you may desire to offer pertaining to the conduct of these studies would also be appreciated.

Likewise, I am inclosing a copy of a letter; Subject: MNL attendance at the Irradiation Sterilization Meeting, Headquarters, Medical Nutrition Laboratory, dated 13 December 1954, addressed to the undersigned, inasmuch as mention is made in Tab C to this letter, a copy of which has previously been forwarded to you for whatever advice and recommendations you may care to offer concerning the desirability of personnel at the Medical Nutrition Laboratory attending the Joint QM-SGO Contractors Meeting in Chicago, 19-20 January 1955.

Sincerely,

3 Incls

1. Dr. C. G. King
2. Dr. W. H. Griffith
3. Dr. H. Pollack
