Dr B. Connor Johnson
 Professor of Animal Nutrition
 University of Illinois
 Urbana, Illinois

Dear Doctor Johnson:

This office has recently been notified by the Quartermaster Corps that all of the funds planned for and requested by the Medical Service for Fiscal Year 1959 Radiation Preservation of Food Program will not be made available.

This action has resulted in a realistic reappraisal of our Program in terms of available monies. Accordingly, it is requested that you resubmit your program, based on a budget not to exceed \$30,000.00 for Fiscal Year 1959 (1 October 1958 - 30 September 1959).

This office deeply regrets the necessity for this action at this time, but there was no prior indication by the Quartermaster Corps that adequate monies for our program would not be made available.

Sincerely,

WILLIAM W. COX
