Subject: National Academy of Sciences - National Research Council,  
Advisory Board on Quartermaster Research and Development,  
Committee on Radiation Preservation of Food.

Gentlemen:

The National Academy of Sciences - National Research Council, Advisory Board on Quartermaster Research and Development, Committee on Radiation Preservation of Food will meet at 9:30 a. m., Mountain Standard Time on 26-27 May 1959 at the Medical Nutrition Laboratory, Fitzsimons Army Hospital, Denver, Colorado. You are invited to attend this meeting. It is hoped that you can arrange your schedule to be present. If you do not advise me to the contrary, it will be assumed that the dates are satisfactory.

The agenda for the meeting will be sent to you for your information as soon as it is available.

It is requested that you write directly to Lt. Col. Irving Plough at the Medical Nutrition Laboratory advising him of the date and time of arrival and accommodations desired. In this way I believe each individual can make the most satisfactory arrangements. This request is made in accordance with the letter of 13 March 1959 from Dr. Woodhouse. Lt. Col. Plough should be
