

MEDDH-MP

30 March 1960

MEMORANDUM FOR RECORD

A meeting was held today 29 March 1960 at the AEC Headquarters in Germantown. The army and AEC were attempting to come to agreement on each others irradiated food programs. The only serious point of disagreement was the need for the linear accelerator which AEC still opposed. Dr. Aebersold said he would have to let Dr. Dunham testify if they were looking for AEC support.
