Dr. A. W. Oughterson
38 Trumbull Street
New Haven 10, Conn.

Dear Doctor Oughterson:

This will acknowledge your letter of 11 December to Colonel Longfellow, who is away on emergency leave.

We have checked with the Fiscal Division and the vouchers which you listed were received in this office on the following dates:

Voucher in the amount of	\$744.93	-	5	December	1947
" " " " "	617.60	-	"	"	"
" " " " "	642.79		4	"	"

The voucher for \$744.93 has been forwarded to the Finance Officer for payment. The Army Audit Agency disallowed approximately \$3.00 on this one, so your check will be for \$741.78. The vouchers for \$617.60 and \$642.79 were returned to the Army Audit Agency in New York on 10 December for correct certification and signature by you.

We are sorry that you have experienced so much inconvenience, but there is no way that we can reimburse for interest on a loan.

It would seem from the dates these vouchers were received in this office that the Army Audit Agency is delaying forwarding them. We will write them today requesting that your vouchers be handled as expeditiously as possible. The Fiscal Division of this office has assured us that there is no delay after they receive them. In fact, when the vouchers are sent to the Finance Officer for payment, he is called in advance so that there may be no delay there.

If you feel that there is anything further we can do, please feel free to call on us.

Sincerely Yours,

ALFRED P. THOM
