

DETERMINATION AND FINDINGS

ARM2.950106.080

1. I hereby find:

a. That there is a requirement for further work on the preparation of a monograph of the "Medical Effects of the Atomic Bomb."

b. That renewal of Contract No. W-49-007-MD-398 is necessary in order to prepare the report for publication. This monograph is based on the report of the Joint Commission for Investigating the effects of the Atomic Bomb in Japan.

c. That the estimated cost is \$8,180.

d. That procurement of the above described service by formal advertising is not feasible because this service can be procured from only one source.

2. Upon the basis of the foregoing findings, I hereby determine that the proposed procurement is for experimental research work within the meaning of Section 2(c)(11) of the Armed Services Procurement Act of 1947 and Paragraph 3-211 of the Armed Services Procurement Regulation.

3. The proposed procurement therefore may be effected by negotiation pursuant to Section 2(c)(11) of the Armed Services Procurement Act of 1947 and Paragraph 3-211 of the Armed Services Procurement Regulation.

R. W. BLISS
Major General
The Surgeon General
