MEDPS-PO

4 NOV 1961

SUBJECT: Congressional Inquiry

TO: Chief of Legislative Liaison  
Department of the Army  
ATTN: Personnel Actions Branch  
Washington 25, D. C.

OHB FILE ROOM COPY

1. Inclosed is draft of proposed reply to Senator Tower concerning that portion of Mrs. L. R. Doyle's letter of 5 October 1961 dealing with radioactivity in Korea and what the Army is doing in regard to it.

2. This office has queried Eighth United States Army (Inclosure 2) on the actual levels of radioactivity currently found in Korea and standards against which the radioactivity is compared. Although no answer has been received as yet, it is not expected that this information would cause us to change the text of the draft of the proposed reply.
