Mr. W. F. Tompkins  
Comptroller  
Medical College of Virginia  
Richmond, Virginia

RE: Contract No. DA-49-007-MD-506  
Modification No. 1

Dear Mr. Tompkins:

Inclosed herewith are three copies of Modification No. 1 to the subject contract. The purpose of this modification is to provide a more equitable overhead provision than is now present. In view of the legal requirement that there be mutual consideration to make a change in the contract effective, we have deleted sub-paragraph o of Article 12 in addition to changing the overhead provision. It might be noted here that said sub-paragraph o will not appear in our new proposed basic agreement, which contract form is intended to apply to all cost-reimbursement medical research contracts with non-profit institutions.

It will be appreciated if all copies of the modification are executed by the appropriate officers of the Medical College of Virginia and returned to this office.

After the modification has been executed in this office, three copies will be forwarded for your records.

Sincerely yours,

Incl:  
Three copies of
