1. The Armed Forces Special Weapons Project has been requested by the Military Liaison Committee to sponsor a Study Group to review the technical changes and progress in the field of radiological warfare. It is planned that the first phase of the study consist of the preparation of papers by the individual members on sub-topics as indicated in the inclosed outline. If possible, these should be sent to the Secretary within two weeks after the receipt of this letter. The Secretary will then assemble the sub-topic papers and send them, together with a summary of the results, to the members. After a suitable period of time for study, estimated at about two weeks, a meeting of the Study Group will be called to write the general conclusions and recommendations.
