EX 7401

relates to James Barron

April 26, 1974

TO: William D. Douglass
 SUBJECT: Human Subjects Committee

The Laboratory is being awarded a National Institutes of Health Grant which will indirectly involve human subjects. In order to comply with the NIH requirements, the Laboratory must have a committee to review research procedures to assure that treatment of human subjects complies with NIH, University, and Laboratory policy.

I am appointing you to that committee. The other members of the committee are: Max W. Biggs, Chairman; Frederick T. Hatch; R. Lowry Dobson; and David C. Shepherd, Secretary.

Mr. Shepherd will contact you soon to provide you with background material and schedule the necessary meetings.

R. E. Batzel
