DR. JAMES L. BORN  
MR. R. A. SAN SOUCI ←  
MR. ELLIS MYERS

Gentlemen:

Dr. Paul Hennessey, Associate Director of the UCLA AEC project, and four other people including architects will be on the Berkeley campus on the morning of Thursday, June 12. They are planning a new building and would like to see the details of the construction of our new wing and perhaps our hospital unit. I suggested that the visitors contact one of you.

Sincerely yours,

Cornelius A. Tobias
