Mr. Will Siri  
Donner Laboratories  
University of California  
Berkeley 4, California

Dear Will:

Will you please send me at your earliest convenience all of the instructions for the tritium labelled water to be used in the study of the Marshallese next February. It is important that we know what kind of samples, and how much we shall need for you so that provision can be made for getting these back to you in April.

I trust Jean and the family are well. How is your Himalaya trip coming along in view of the present situation in India?

Sincerely yours,

Leo M. Meyer, M.D.
