Reference is made to the memorandum from Mr. L. F. Spalding to Mr. C. L. Marshall, dated May 10, 1947, which advised us that your office recommended withholding declassification of the subject document CH-1347, entitled "Medical Cases of Active Cases in 1947". This recommendation was in accordance with that of the Medical Advisor (see attached copy of Major B. M. Brundage's memorandum to Major R. T. Batson dated May 7, 1947).

Recently the Medical Advisor has re-reviewed the subject document, upon our request, and has withdrawn the previous objection from a medical point of view, and recommended declassification of the report (see attached copy of Dr. H. Stoeckle's memorandum to me dated September 10, 1948).

In view of the foregoing, would your office withdraw your previous objections for the declassification of the subject document. We have attached a copy of the paper for your examination and return to this office.
