UNITED STATES
 ATOMIC ENERGY COMMISSION
 WASHINGTON, D.C. 20545

FEB 26 1973

Honorable Melvin Price, Chairman
 Joint Committee on Atomic Energy
 Congress of the United States

Dear Mr. Price:

In reply to your letter of February 5, 1973, regarding the AEC medical radioisotope production technology development program, I am enclosing detailed answers to the specific questions presented.

The measures necessary to implement the decisions contained in the President's budget will be carried out in an orderly and timely manner. This process will, of course, permit full discussion with the Committee on our answers to the questions you have raised. To assure this, we hope that the suggested discussion can be scheduled at an early date.

If you desire additional written information at this time, we will be pleased to provide it.

Sincerely,

Signature of D. L. Ray

Chairman
