SUBJECT: Human Subjects Approval 79P-106-01

This memorandum is to inform you that the Lawrence Livermore Laboratory Human Subjects Committee has reviewed your proposal to bring _____, an English citizen, to LLL for the purpose of performing a lung count to compare LLL and Harwell lung counting data. The Committee has made the determination that _____ is not at risk from physical or psychological injury as a result of this study. Therefore, no consent form will be needed and you may proceed with your study.

Thank you for briefing the Committee on your project, if the Committee can be of service in the future, please let me know.
