

Community Relations

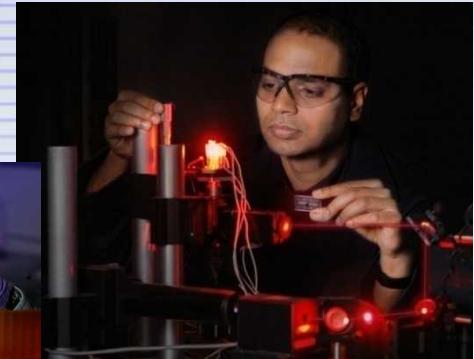

Presentation to
Erik Ridley, Field Representative
Congresswoman Ellen Tauscher's Office

Devon Powers, Manager
Public Relations & Strategic Communications
January 21, 2009

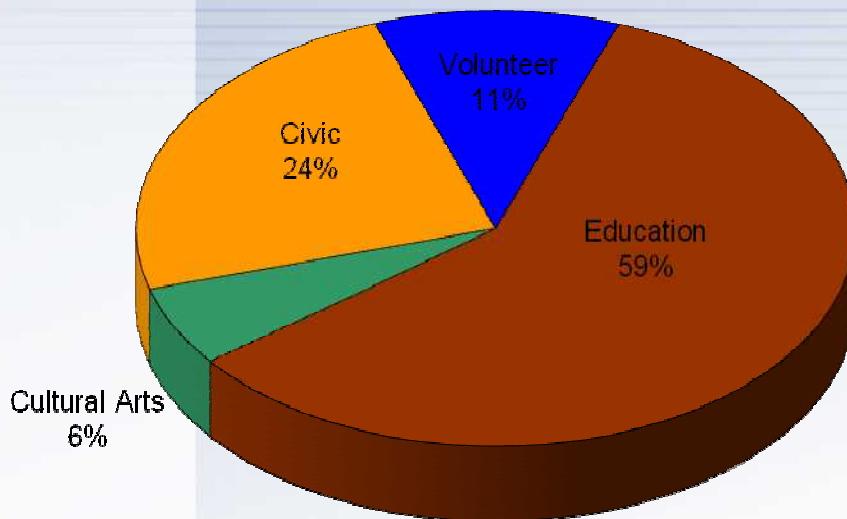

Our Community Relations Program strives to make our community impact commensurate with our success in science and technology

- Charitable Giving
- Education
- Environment
- Civic & Business
- General Volunteerism

Sandia National Laboratories

Charitable Giving Program

California Contributions

- On behalf of Sandia National Laboratories, Lockheed Martin contributes to local non-profits.
 - Over \$92k contributed by the California laboratory in 2008
 - Primary focus on education
 - Committed to communities in which we live
- SHARE Campaign
 - In 2008, our California workforce donated over \$250k to our communities with 70% participation.

Sandia National Laboratories

Charitable Giving Program

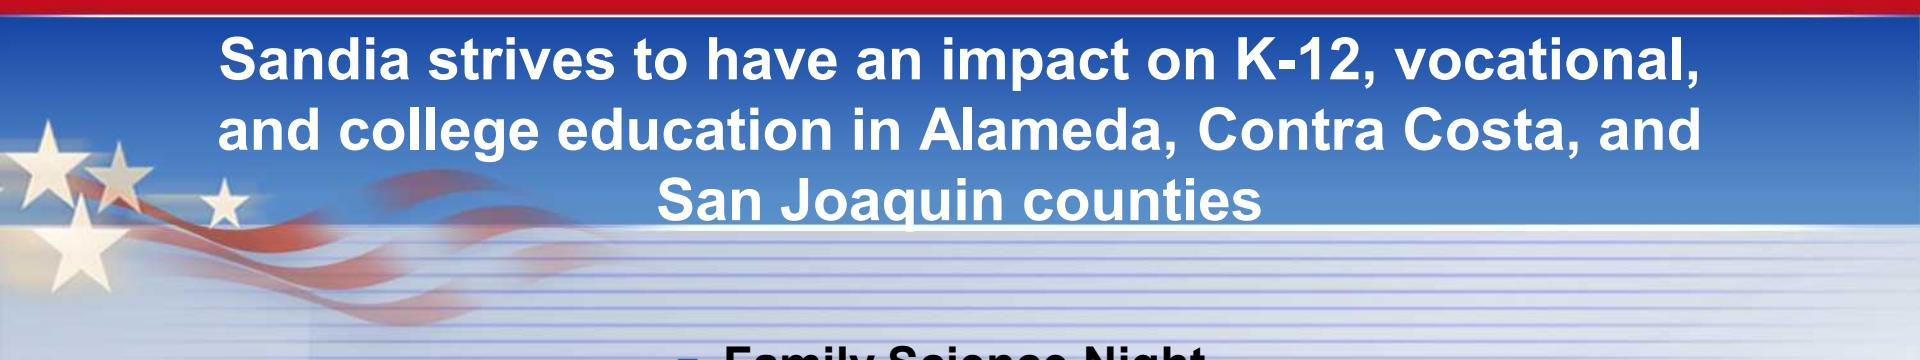

■ Key Partnerships

- **Las Positas College Foundation**
- **Livermore Valley Educational Fund**
- **Expanding Your Horizons**
- **Livermore Chamber of Commerce**
- **Tri-Valley Community Foundation**
- **Habitat for Humanity**

Sandia National Laboratories

Sandia strives to have an impact on K-12, vocational, and college education in Alameda, Contra Costa, and San Joaquin counties

- **Family Science Night**
 - Our signature program targets bringing fun and hands-on science exploration to over 3,000 elementary students, teachers, and parents at over 20 local schools.
- **Excellence in Teaching Awards**
 - Sandia presents three Excellence in Teaching awards to teachers in the Livermore School District.
- **Expanding Your Horizons in Math and Science**
 - Sponsor a conference for young women in grades 6–9 designed to foster their interest in science and mathematics. Donna Djordjevich, a computer scientist working on gaming in national security applications, will be the keynote speaker this year.

Sandia National Laboratories

Sandia strives to have an impact on K-12, vocational, and college education in Alameda, Contra Costa, and San Joaquin counties

- **Tri-Valley Science and Engineering Fair**
 - Sandia provides financial support, judges, and other volunteers to the annual competition for students in grades 7-12.
- **DOE Regional and National Science Bowls**
 - Sandia sponsors two regional Science Bowls for middle school students and one regional Science Bowl for high school students. Last year the two teams that won our regional Science Bowls for middle school students finished first and second in the National Science Bowl.
- **Support to Local Education Foundations**
 - We provide support to the Livermore Valley Education Foundation and Pleasanton Partners in Education. Our goal this year is to expand that support to other communities in which our employees live.

Sandia National Laboratories

College and Vocational Support

- **Las Positas College**
 - Student of the Year Scholarship
 - Board member
 - Unrestricted operating grant
 - Partner in DOE Science Bowl for middle and high school students
- **Tri-Valley Educational Collaborative**
 - Unrestricted operating grant to build vocational programs
 - Participation in collaborative meetings
- **Science Teacher and Researcher (STAR) Program**
 - Program for aspiring and early career science teachers
 - Sandia will host interns this summer
 - Provides professional development opportunities for teachers

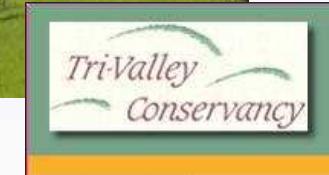

Sandia is a responsible steward of the environmental resources in our care

- **Tri-Valley Conservancy**

- Sandia provided a land stewardship grant to the Tri-Valley Conservancy.
- Arranged for Tri-Valley Conservancy to serve as an external third-party for the U.S. EPA certification process of Laboratory's environmental organization.

- Sandia is the inaugural recipient of the Livermore Chamber's "Environmental Spirit Award" for green program management and site stewardship.

Sandia National Laboratories

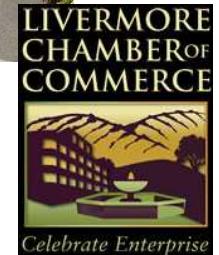

Civic and Business

Civic leaders and officials comprise one of our most important constituencies. They are the region's leaders, speak for their communities, serve as opinion-shapers, and make decisions on public policy.

- Our board seats help support community organizations
 - Tri-Valley Business Council
 - Livermore Chamber of Commerce
 - Las Positas College Foundation
 - East Bay Economic Development Alliance
 - Contra Costa Council
- Sandia volunteers lead efforts with the Tri-Valley Business Council in education and resource stewardship.

Sandia National Laboratories

General Volunteerism

- Sandia provides paid time off for volunteer activities.
- Sandia volunteers with many local education programs and nonprofit organizations including the DOE National Science Bowl, Expanding your Horizons conference, and the Tri-Valley Community Foundation conference for at-risk high school students.
- Sandian Rod Whitney received the President's Volunteer Service Award for his work with DeafHope, which seeks to end domestic and sexual violence against deaf women and children.
- Habitat for Humanity – In Spring 2009, Sandia will provide the manpower, led by Vice President Paul Hommert, and financial support to build a house in Oakland.
