

The New Ion Beam Lab at Sandia National Laboratories

Jonathan Custer

Sandia National Laboratories, Albuquerque, NM - 87185

In anticipation of the tour of the IBL, I will cover the design philosophy of the building and introduce the various accelerators and their capabilities. Highlights of recent projects that show off the capabilities are included.

*Sandia National Laboratories is a multi-program laboratory managed and operated by Sandia Corporation, a wholly owned subsidiary of Lockheed Martin Corporation, for the U.S. Department of Energy's National Nuclear Security Administration under contract DE-AC04-94AL85000.
