## Micro-Chiplet Printer for MOSAIC

SAND2015-10670PE

### Status of the Technology

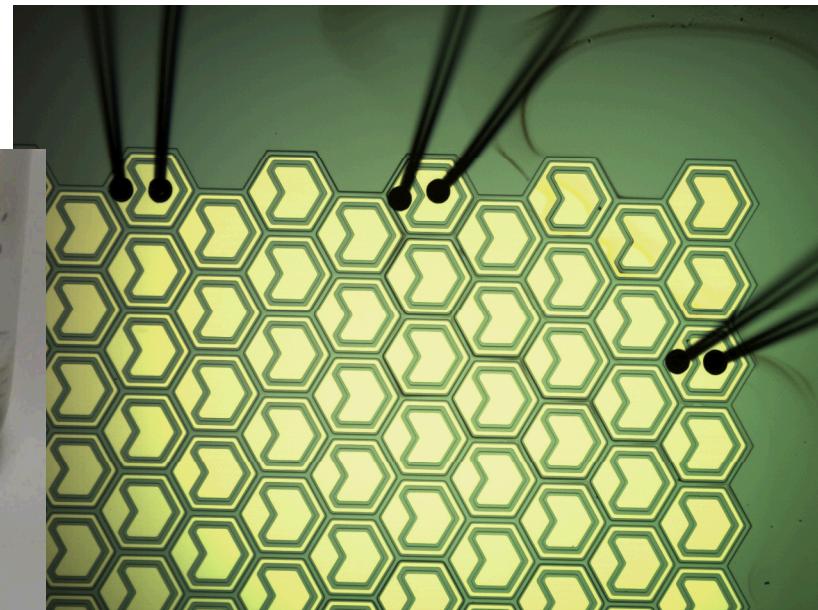

- Have designed, fabricated, and released c-Si microscale PV cells
- Have designed, fabricated, and released single junction GaAs microscale PV cells
- Have put into practice methods for evaluating performance of individual micro-PV cells

GaAs microscale PV cells being released

Released c-Si microscale PV cells in IPA

GaAs microscale PV cells on wafer and being tested
