WIPP Corporate Board Meeting

August 2, 2017

Michael Spoerner

Shielded Containers

- WM07, Roger Nelson presented a paper describing shielded containers for RH
- Sandia interested, discussed with a vendor, too expensive
- Through participation in the RH Working Group, and with ANL, Sandia is purchasing approved SCAs

RH Waste at Sandia

- 02/2014 to 10/2015, generated 25 30-gallon drums over-packed into 55-gallon drums
- Due to WIPP not accepting RH, shielded containers became a very attractive option
- Sandia has ordered 12 SCA's at the reduced cost
- Remaining 13 drums require two of the new designs
