# Basic information

- **Website:** [www.ndsegfellowships.org](http://www.ndsegfellowships.org)
- **About:** Fellowship offered by the DoD for graduate students in sciences and engineering
- **Finances:** Fellowships cover full tuition and mandatory fees. They also include a monthly stipend of \$3,200 and up to \$1,200 a year in medical insurance.
- **Duration:** Up to three years (based on continued funding)
- **Eligibility:** The NDSEG Fellowship Program is open to US citizens or nationals. Applicants must either be enrolled in their final year of undergraduate studies, or have completed no more than two years of full-time years of graduate studies.

# How to apply?

1. Visit the website **[www.ndsegfellowships.org](http://www.ndsegfellowships.org)** .
2. Gather the application material.
  - Personal info / Application form
  - Personal statement (500 words)
    - What are your short and long-term professional goals? How have you already begun to lay the foundation for these goals? How does this fellowship fit into these goals?
  - Official school transcripts
  - Official copies of GRE's
  - Research proposal
    - 3 page proposal single line space, 1 page maximum for cited work
    - **Points to cover:** (my opinion)
      - (i) introduce the topic and mention where it sits in the general scheme of plasma physics,
      - (ii) give an overview of previous work,
      - (iii) state the project goals,
      - (iv) mention the main technique or approach that you will use to reach objectives, and
      - (v) mention how the project goals and objectives will make an impact.
  - Three reference forms (to be filled online)
3. Submit everything

Hurry! The deadline is approaching.
