

# COUNTER UAS AT SANDIA NATIONAL LABS

Sandia National Laboratories (SNL) houses the Physical Security Center of Excellence (PSCOE) for the Department of Energy and Department of Defense. PSCOE specializes in the security of our nation's nuclear arsenal and special nuclear materials. Unmanned Aerial Systems (UAS) pose a growing threat to physical security, and mitigating that threat is one of SNL's core objectives.

## SNL'S COUNTER-UAS CAPABILITIES:

### *Research and Development*

### *Technology Testing and Evaluation*

### *System Implementation*

### *Policy Analysis and Support*

### *Aviation Operations*
