

Volume IV: Ideas

SAND2013-1184P

Volume IV should be **concise, actionable, and approachable**, providing guidance on **using technology to facilitate detection**.

- **Document topic**
 - Interior focused
 - Technology and other capabilities that facilitate detection
- **Intended audience**
 - Competent authorities with operational roles in the architecture
- **Tone**
 - Actionable guidance
- **Format**
 - Centered on facilitators that address identified challenges
 - Case studies, tied together by a *short* analysis and/or summary
