

SANDIA'S WOMEN IN SCIENCE & ENGINEERING EVENT

Sandia National Laboratories is the nation's premier science and engineering lab for national security and technology innovation. We focus on cutting-edge technology ranging from homeland defense, global security, biotechnology, and environmental preservation, to energy and combustion research, computer security, and nuclear defense. Whether it's writing software for the world's fastest computers, leading a national initiative in nanotechnology, or developing intelligent microsystems, Sandians are leading the way—and they are doing it with tools and facilities that rank among the world's best.

With main locations in Albuquerque, NM, and Livermore, CA, Sandia provides employees with a comprehensive benefits package including medical, dental, vision, and 401K savings plan. Our culture values work-life balance—by offering programs such as flexible work schedules with alternate Fridays off, on-site fitness facilities, three weeks of vacation, and more! For more info, visit: www.sandia.gov

SANDIA NATIONAL LABORATORIES is hosting a special career networking event for top women science and engineering students on **Friday, April 15, 2011.**

When: Friday, April 15th, from 11 a.m. to 1:30 p.m.

Where: Sandia National Laboratories in Livermore, California

Who: Currently enrolled women undergraduate and graduate students, with a minimum GPA of 3.2 or 3.5, respectively. U.S. citizenship is required.

Why: **Get inspired.** Learn about Sandia – who we are, what we do, and how you can join our team as an intern or employee.

Get connected. Meet some of our impressive and diverse scientists and engineers – and of course, other bright and motivated students just like yourself!

Get moving. Express your interest in attending by sending your résumé to Carol Neely at caneely@sandia.gov

Deadline: Submit your résumé by March 28, 2011. Space is limited.

Sandia National Laboratories is a multi-program laboratory managed and operated by Sandia Corporation, a wholly owned subsidiary of Lockheed Martin Corporation, for the U.S. Department of Energy's National Nuclear Security Administration under contract DE-AC04-94AL85000. Sand No. XXXX-XXXX
