

# Advanced ParaView Visualization

Conclusion

Sandia is a multiprogram laboratory operated by Sandia Corporation, a Lockheed Martin Company, for the United States Department of Energy's National Nuclear Security Administration under contract DE-AC04-94AL85000.

# Please Provide Feedback

- Did you enjoy the format?
- Should we continue next year (with a new set of topics)?
- Should we broaden the topics past ParaView?
  - If so, how should we scope the talks?
- Should we become a workshop?
- Are you interested in participating?

Go Enjoy VisWeek 2008
