

Congratulations to
David L. Goldheim

Sandia National Laboratories

**Federal Laboratory Consortium's
2008 Outstanding Technology
Transfer Professional**

//

It is our great pleasure and honor to inform you that you have been chosen as the 2008 recipient of the Federal Laboratory Consortium for Technology Transfer's (FLC) Outstanding Technology Transfer Professional Award. This award—one of the FLC's highest honors—recognizes an individual who has demonstrated outstanding achievement in transferring a technology significantly over and above what was called for in the normal course of their work.

Through your business acumen and technology transfer skills you have been successful in establishing and maintaining relationships that support Sandia's crucial national security missions. During your tenure as the director of the Strategic Relationships Center, the partnering processes at Sandia have matured, as well as expanding into new and innovative areas. //
