Sandia National Laboratories is a multimission laboratory managed and operated by National Technology & Engineering Solutions of Sandia, LLC, a wholly owned subsidiary of Honeywell International Inc., for the U.S. Department of Energy's National Nuclear Security Administration under contract DE-NA0003525.

Innovation Coming To Sandia

1 – Global Protect – our new VPN

2 - Move to Exchange On-Line & Office 365

3 – YubiKey – Strong authentication and support for one time passwords

4 – Lots of TEAMS functionality coming, with Youtube like channels you can subscribe

5 – Pre-COVID-19 Sandia performing 95% of work on-site. Now we are 40% on-site – supporting remote work

6 – Investment in Oracle Human Capital Management

Innovation Coming To Sandia

1 – How can we move faster and be more agile?

2 – Adopting model & digital based engineering

3 – XR Conference is an excellent example of leading the lab down the innovation path
