

NATO Science for Peace and Security Programme

Mobile Adaptive/Reactive Counter UAS System (MARCUS)

UNCLASSIFIED UNLIMITED RELEASE

SAND2021-7640PE

PRESENTED BY

Dr. Markus Hopflinger, Dr Rafael Fierro, Dr. David Novick

30 June 2021

SANDxxxx-xxxx

Sandia National Laboratories is a multimission laboratory managed and operated by National Technology & Engineering Solutions of Sandia, LLC, a wholly owned subsidiary of Honeywell International Inc., for the U.S. Department of Energy's National Nuclear Security Administration under contract DE-NA0003525.

UNCLASSIFIED UNLIMITED RELEASE

Sandia National Laboratories is a multimission laboratory managed and operated by National Technology & Engineering Solutions of Sandia, LLC, a wholly owned subsidiary of Honeywell International Inc., for the U.S. Department of Energy's National Nuclear Security Administration under contract DE-NA0003525.

MOBILE ADAPTIVE/REACTIVE COUNTER UAS SYSTEM (MARCUS)

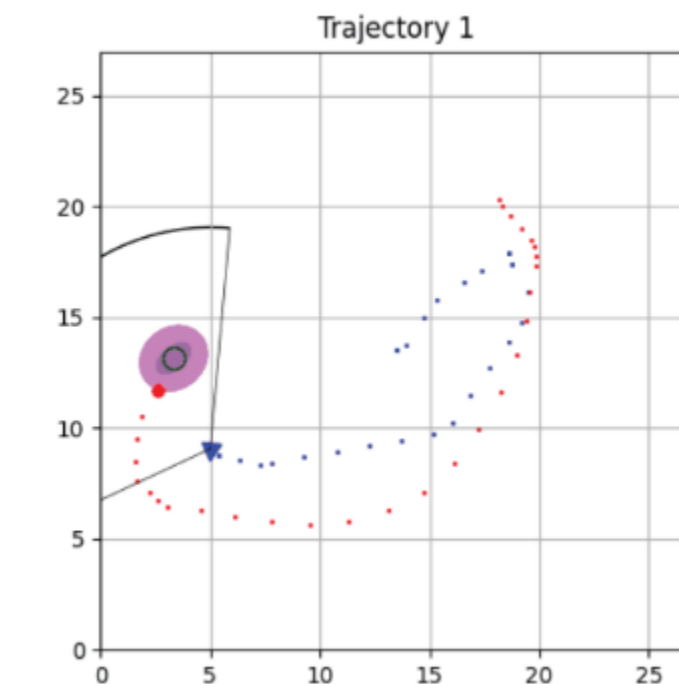

armasuisse S+T

Machine Learning for UAS detection

Deep reinforcement learning
active target tracking

UAS testbed

UAS tracking a UAS

Runtime assurance

- Use unverified controller to make important decisions
 - Performance controller
 - Safe controller

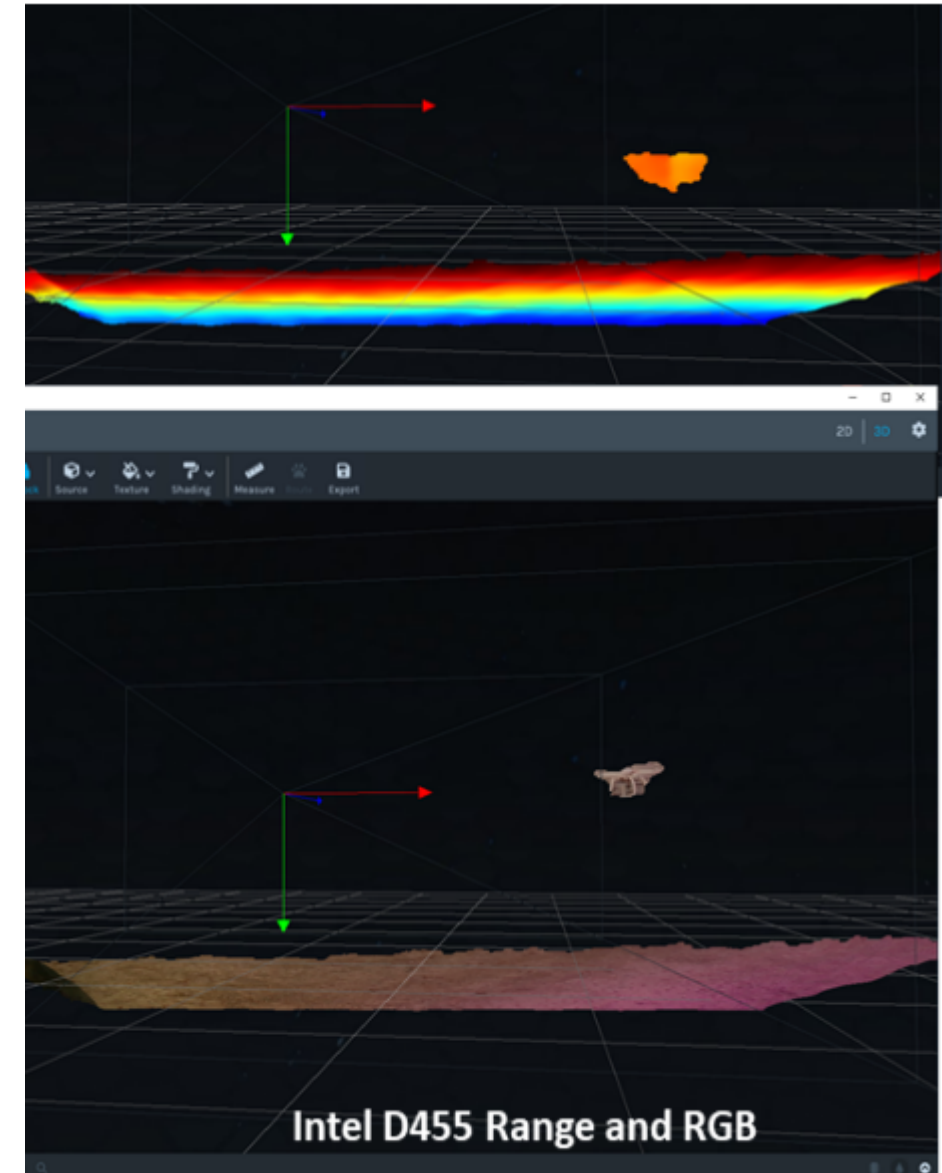

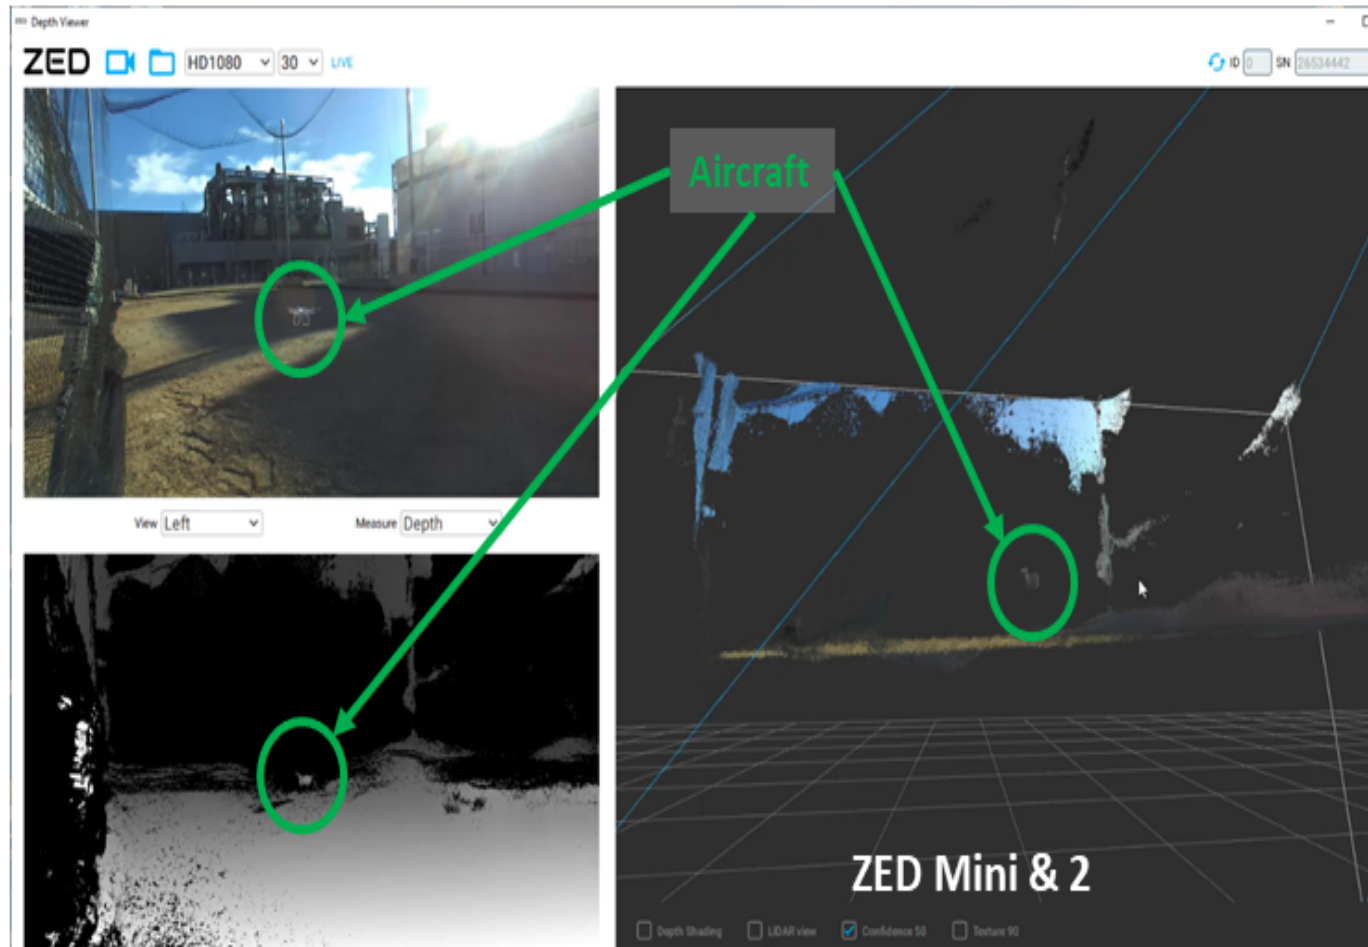

On-board detection

- ML UAS detection using Stereo camera
 - Visual detection and tracking

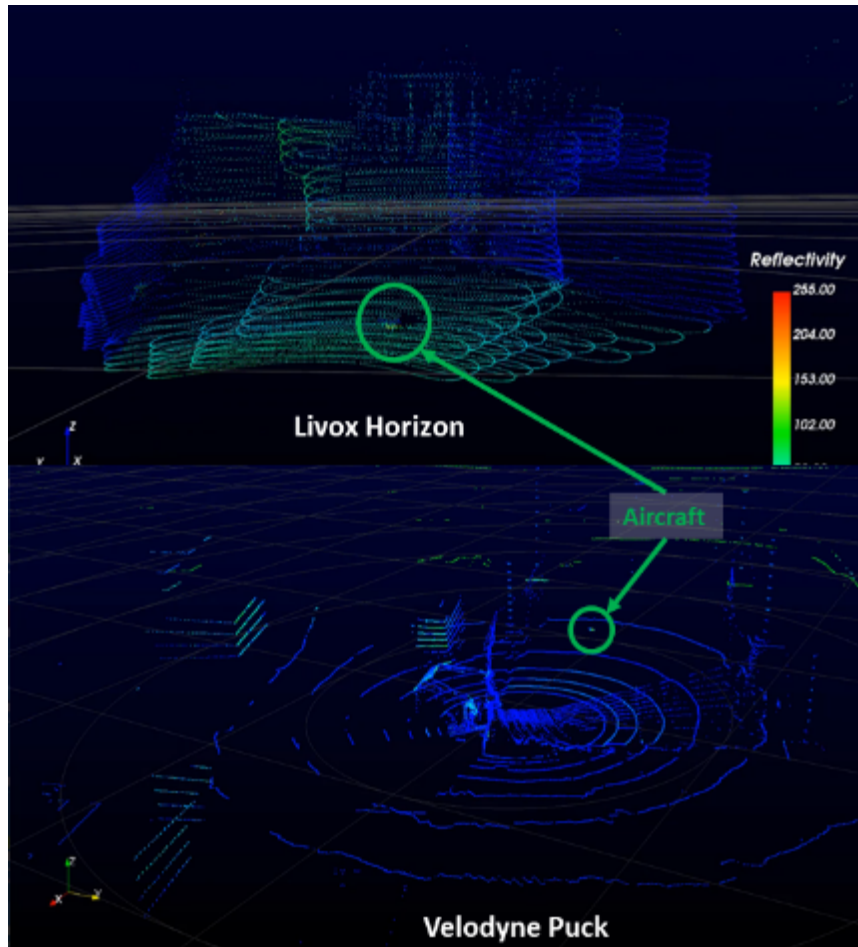

Sandia National Laboratories

A suite of sensors... RGB-Depth cameras

A suite of sensors... LiDAR

Live/Virtual construct
