

**LA-UR-23-29991**

**Approved for public release; distribution is unlimited.**

**Title:** Associate Directorate for Infrastructure and Capital Projects Project Management CO-OP Program

**Author(s):** Knight, Roilynn

**Intended for:** Presentation to share with Universities and to hold at recruiting events

**Issued:** 2023-08-31

Los Alamos National Laboratory, an affirmative action/equal opportunity employer, is operated by Triad National Security, LLC for the National Nuclear Security Administration of U.S. Department of Energy under contract 89233218CNA00001. By approving this article, the publisher recognizes that the U.S. Government retains nonexclusive, royalty-free license to publish or reproduce the published form of this contribution, or to allow others to do so, for U.S. Government purposes. Los Alamos National Laboratory requests that the publisher identify this article as work performed under the auspices of the U.S. Department of Energy. Los Alamos National Laboratory strongly supports academic freedom and a researcher's right to publish; as an institution, however, the Laboratory does not endorse the viewpoint of a publication or guarantee its technical correctness.

# Associate Directorate for Infrastructure and Capital Projects

## Project Management CO-OP Program

August 16, 2023

# Los Alamos National Laboratory

**Our mission:** To solve national security challenges through simultaneous excellence

**Our vision:** To be trusted by our nation, emulated by our peers, and respected by the world

**Our culture:** *How* we do work is as important as *what* we do

**Our values:** service, integrity, teamwork, and excellence

**We achieve maximum impact on strategic national security priorities**

# A Common Goal Video

# Los Alamos National Laboratory

## Nuclear Deterrent

Lead the nation in evaluating, developing, and ensuring effectiveness of our nuclear deterrent, including the design, production, and certification of current and future nuclear weapons.

## Threat Reduction

Anticipate persistent and emerging threats to global security; develop and deploy revolutionary tools to detect, deter, and respond proactively.

## Emerging Threats, Cybersecurity

Uniquely positioned to offer innovative solutions to identify and rapidly respond to emerging threats worldwide. These include cyber-physical vulnerabilities, threats in space, and new technology.

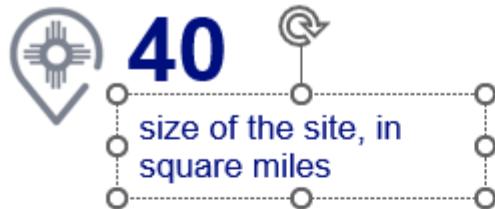

## Energy Security Solutions

With global energy use increasing, LANL is developing new ideas for reliable, secure, and sustainable carbon-neutral energy solutions for the nation.

**Our mission is to solve national security challenges through simultaneous excellence**

# How to Apply

The image shows the Los Alamos National Laboratory careers page. At the top, there is a navigation bar with links for 'Check Status of Application', 'Job Alerts', 'Events', and 'Talent Community'. Below the navigation bar is the Los Alamos National Laboratory logo. The main search bar features fields for 'Keyword / Req. Number', 'Category', a 'SEARCH' button, and a 'SEARCH BY SKILLSET' button. The main content area has a dark background with a woman wearing glasses and a blue lab coat. The text 'Careers' is in the top left, followed by the slogan 'Be part of something extraordinary.' in large white text. Below the slogan is the tagline 'Your challenge awaits.' and a small circular icon with a fingerprint pattern.
