Sandia National Laboratories

Doing Business with Sandia

Megan Vandergriff & Eric Lochausen

Supplier Diversity Advocates

Sandia's Small Business Program Manager

**Paul
Sedillo**

“Sandia National Laboratories has a mission to seek, grow, and partner with the small business community. Together we can meet the complex and important work asked of us by our great country. In keeping with our vision to be the nation’s premier science and engineering laboratory for national security and technology, we pursue the best and brightest and ensure that together we will respond when tasked. Our economy is stronger when small businesses are thriving. Sandia needs to lead the way in ensuring we are doing our part for the small business community.”

Business Point of Contact supplier@sandia.gov

Sandia is a Federally Funded Research and Development Center (FFRDC) Managed and Operated by (FFRDC)

National Technology & Engineering Solutions of Sandia, LLC, a wholly owned subsidiary of Honeywell International Inc.

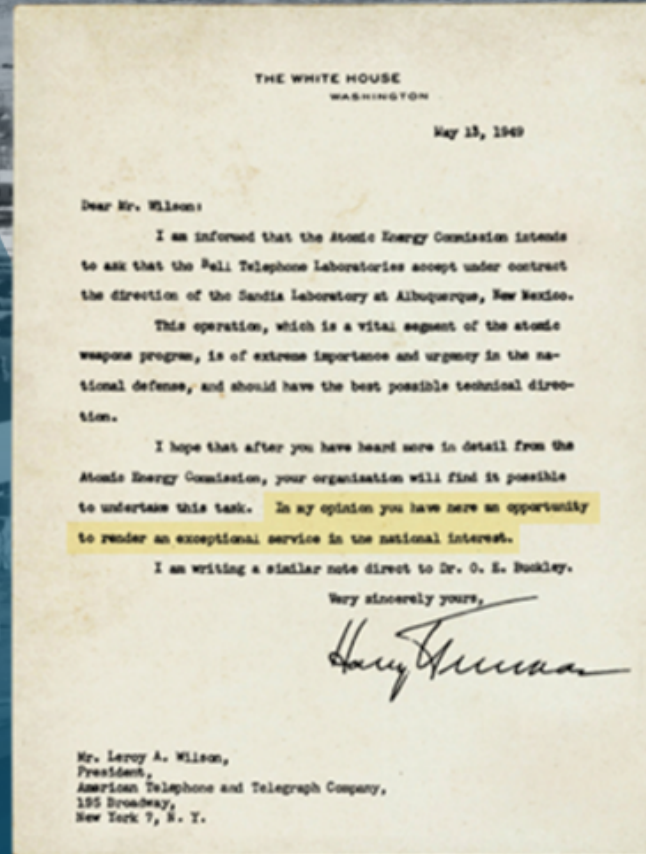

Government owned, contractor operated

FFRDCs are long-term strategic partners to the federal government, operating in the public interest with objectivity and independence and maintaining core competencies in missions of national significance

SANDIA'S HISTORY IS TRACED TO THE MANHATTAN PROJECT

...In my opinion you have here an opportunity to render an exceptional service in the national interest.

SANDIA HAS FACILITIES ACROSS THE NATION

Main sites

- Albuquerque, New Mexico
- Livermore, California

Activity locations

- Kauai, Hawaii
- Waste Isolation Pilot Plant, Carlsbad, New Mexico
- Pantex Plant, Amarillo, Texas
- Tonopah, Nevada

Sandia has Five Major Program Portfolios

Program Portfolios

ADVANCED SCIENCE & TECHNOLOGY

Sandia provides the science needed to enable the U.S. nuclear stockpile, and does fundamental scientific, biomedical, and environmental research to enhance national security, economic competitiveness, and improved quality of life.

ENERGY & HOMELAND SECURITY

We support the resilience and security of the nation's energy system, protect digital and physical critical infrastructure, and reduce U.S. vulnerability to chemical, biological, radiological, and nuclear terrorism.

NATIONAL SECURITY PROGRAMS

Sandia provides systems, science, and technology to meet national security objectives in such areas as cybersecurity, science and technology products, and integrated military systems.

Sandia's Small Business Commitment

Register in iSupplier Portal

The screenshot shows the Sandia National Laboratories website with a dark blue header. The main navigation bar includes links for About Sandia, News, Research, Partnerships, and Careers. A secondary navigation bar features Technology Partnerships, Licensing/Technology Transfer, Academic Partnerships, Local Opportunities & Economic Impact, Prospective Suppliers (highlighted), and Current Suppliers. A sidebar on the left contains a search icon, a close button (X), and a list of links: What Sandia Looks for in Our Suppliers, What Does Sandia Buy?, Business Opportunities Website, Small Business, Supplier Registration (highlighted), Sandia's Mentor-Protege Program, and Economic Impact. The main content area is titled 'Supplier Registration' and 'Step 1: Access iSupplier Portal Registration Page'. It provides instructions on how to register and includes an important note about password requirements. A 'Step 2: Enter Company Name & Contact Information' section is partially visible. A 'CONTACTS' section on the right lists email addresses for various inquiries: supreg@sandia.gov, isupplier@sandia.gov, supplier@sandia.gov, einvoice@sandia.gov, and aphelp@sandia.gov.

- Presentation about working with government-type contracts, upcoming procurements, and an in-depth look at the focus area.
- Visit “[Partnerships](#)”. This site provides detailed information into what/how Sandia buys to help determine if Sandia is the correct market for your business.

Mentor-Protégé Program

Through the MPP, Sandia seeks to...

- foster long-term business relationships with small businesses;
- help protégé companies develop or enhance their ability to build solid, established, and successful businesses; and
- increase the number of small businesses that receive DOE prime contracts and subcontracts.

Mentor-Protégé Program (MPP) encourages DOE prime contractors to help small, disadvantaged businesses enhance their ability to perform contracts and subcontracts for DOE and other federal agencies.

Additional Recommendations

- Stay in contact with your NM PTAC
- Update your SBA – Dynamic Small Business Search profile (NAICS, Keywords, Capability Narrative)
- Keep your SAM.gov account up-to-date (NAICS, Keywords, Capability Narrative)
