Quick Paraview to Omniverse VR demo

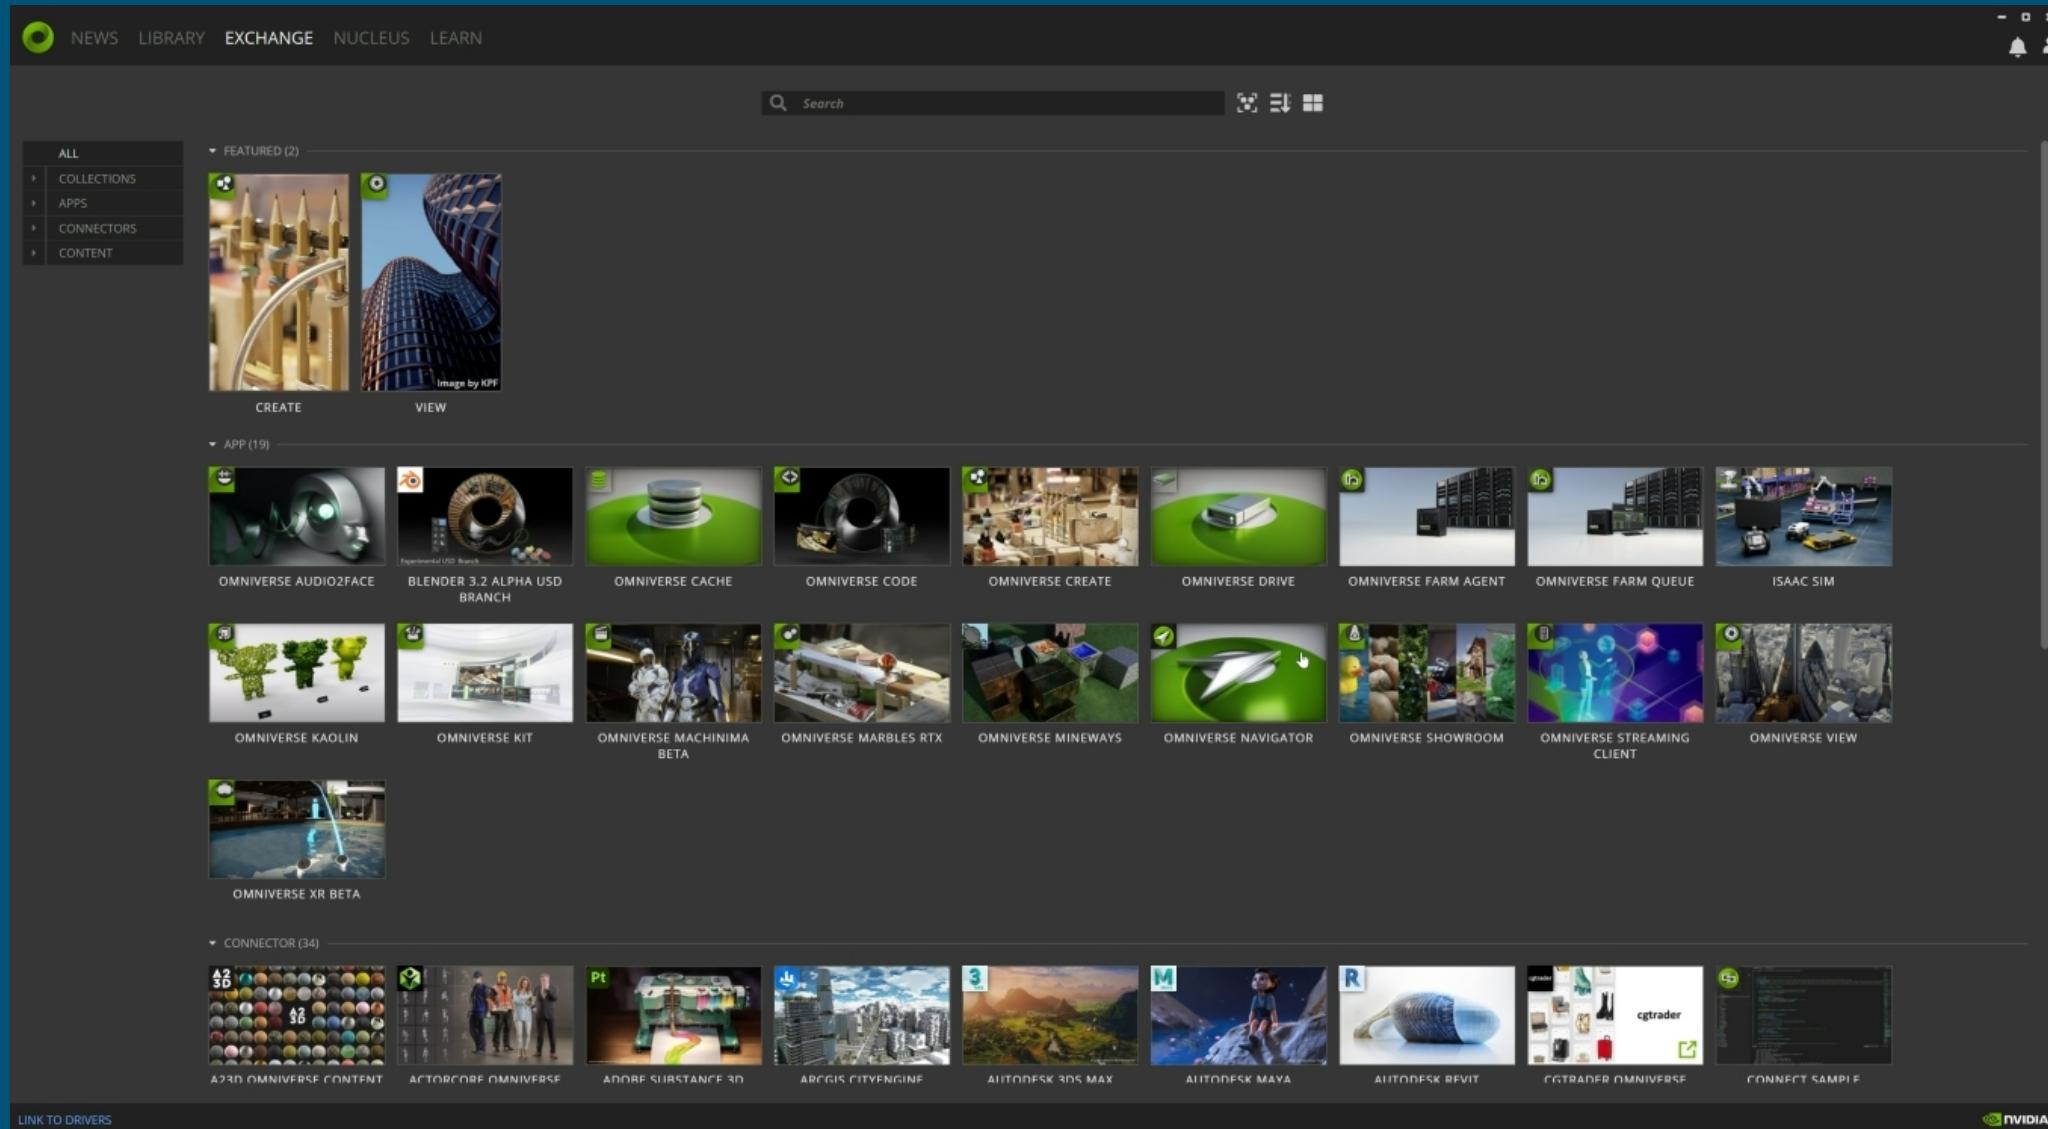

Creating a more Impactful Visualization

Paraview

Omniverse

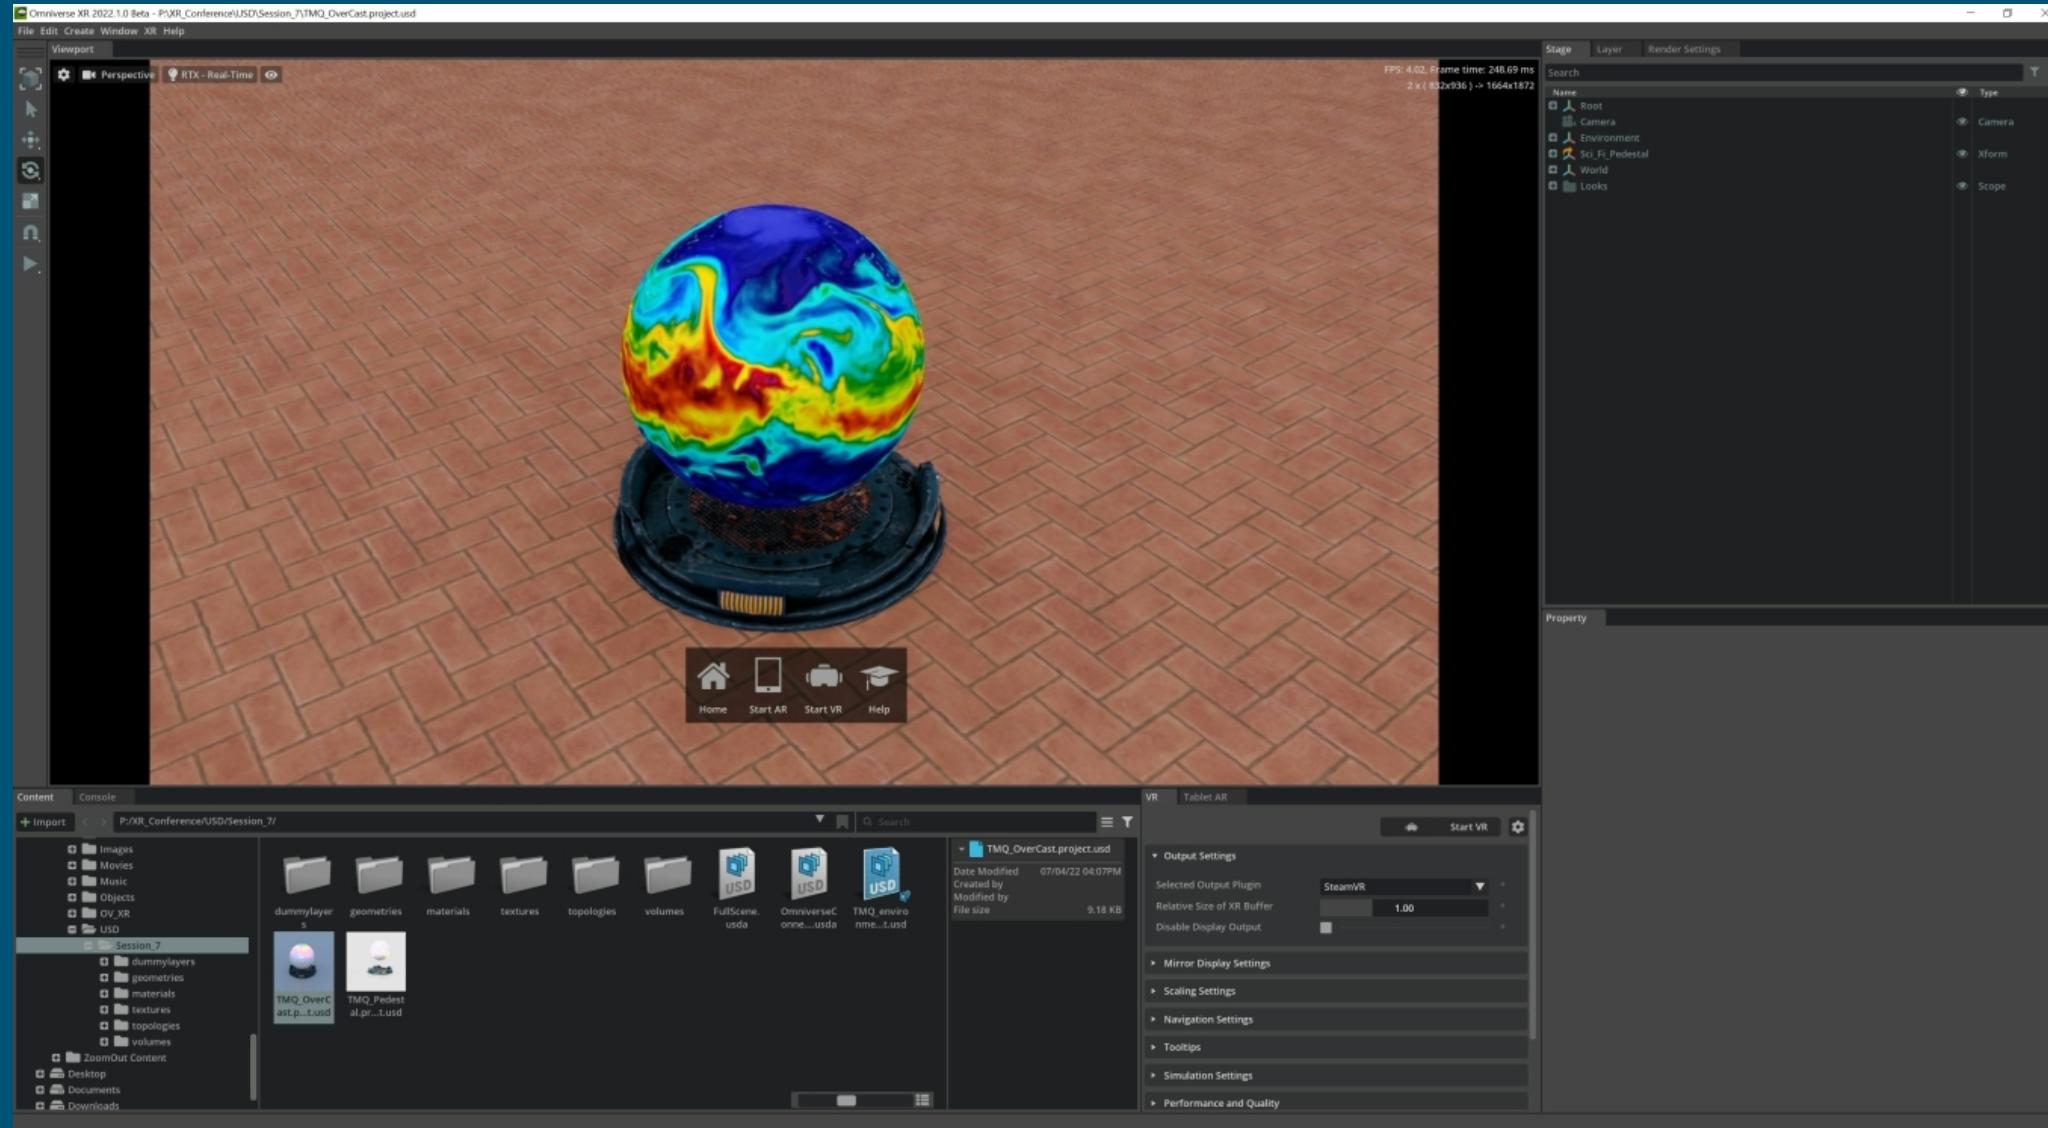

The screenshot displays the Omniverse interface, featuring a dark-themed dashboard with a central search bar and a sidebar for navigation. The main content area is organized into sections: **FEATURED (2)**, **APP (19)**, and **CONNECTOR (34)**. Each section contains a grid of icons representing different tools and services. The **FEATURED** section includes **CREATE** and **VIEW** options. The **APP** section includes **OMNIVERSE AUDIO2FACE**, **BLENDER 3.2 ALPHA USD BRANCH**, **OMNIVERSE CACHE**, **OMNIVERSE CODE**, **OMNIVERSE CREATE**, **OMNIVERSE DRIVE**, **OMNIVERSE FARM AGENT**, **OMNIVERSE FARM QUEUE**, **ISAAC SIM**, **OMNIVERSE KAOLIN**, **OMNIVERSE KIT**, **OMNIVERSE MACHINIMA BETA**, **OMNIVERSE MARBLES RTX**, **OMNIVERSE MINeways**, **OMNIVERSE NAVIGATOR**, **OMNIVERSE SHOWROOM**, **OMNIVERSE STREAMING CLIENT**, **OMNIVERSE VIEW**, and **OMNIVERSE XR BETA**. The **CONNECTOR** section includes **A2D OMNIVERSE CONTENT**, **ACTORCORE OMNIVERSE**, **ADORE SUBSTANCE 3D**, **ARCGIS CITYENGINE**, **AUTODESK 3DS MAX**, **AUTODESK MAYA**, **AUTODESK REVIT**, **CGTRADER OMNIVERSE**, and **CONNECT SAMPLE**. The bottom of the interface features a **LINK TO DRIVERS** button and the **NVIDIA** logo.

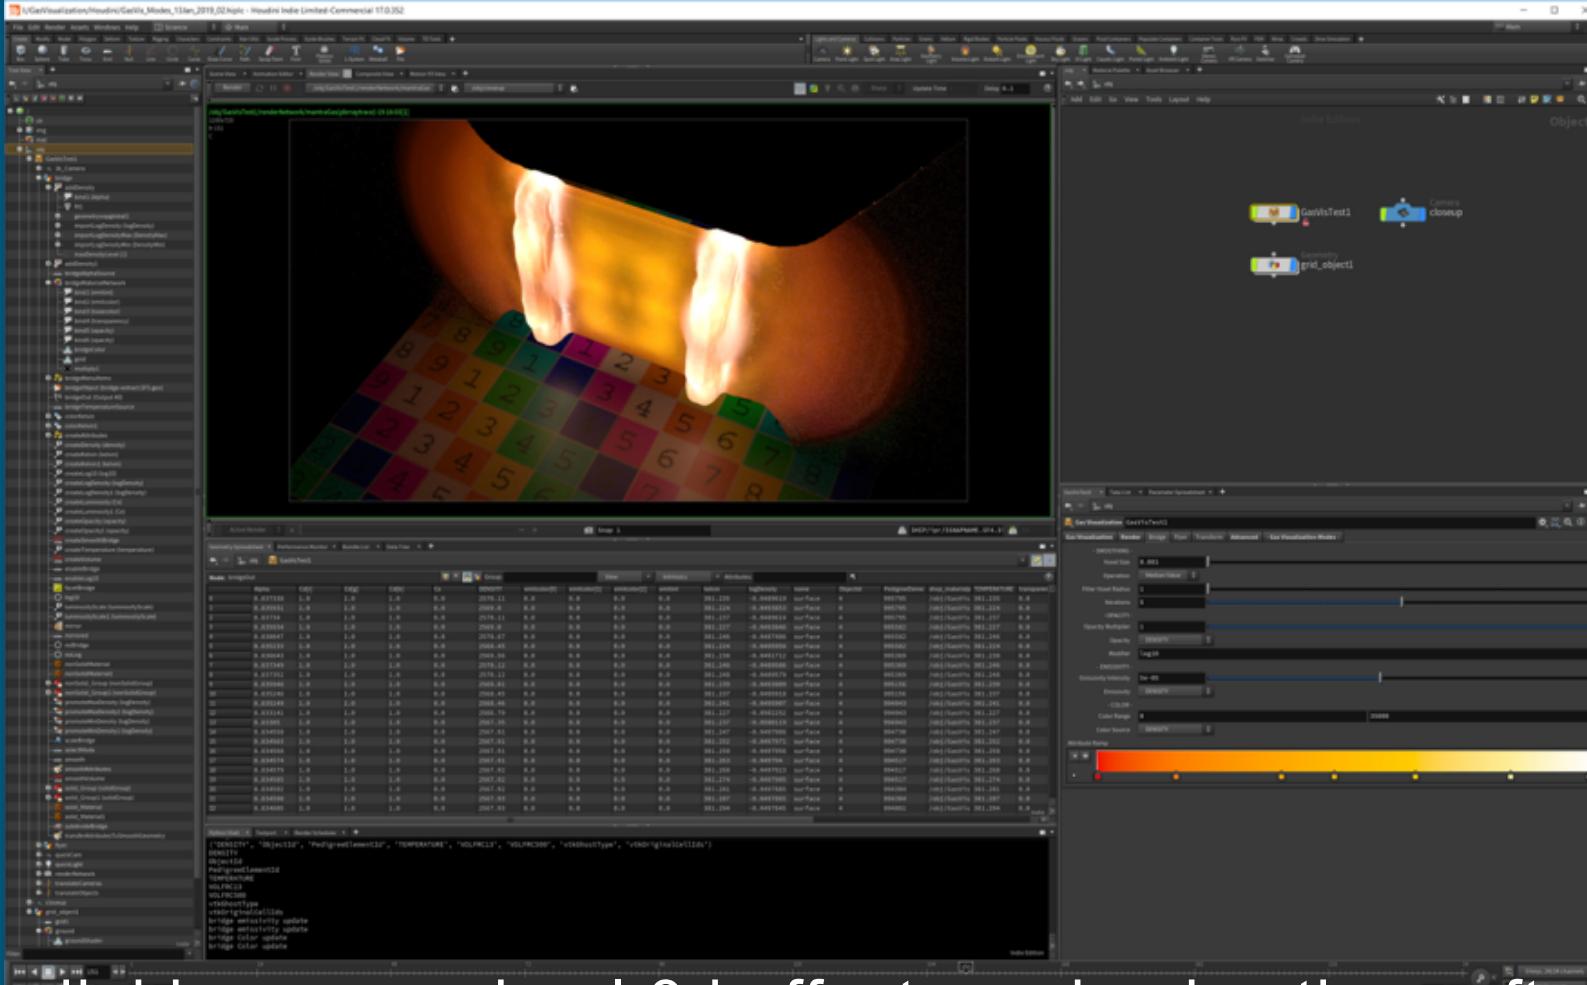

Omniverse Create

Omniverse XR

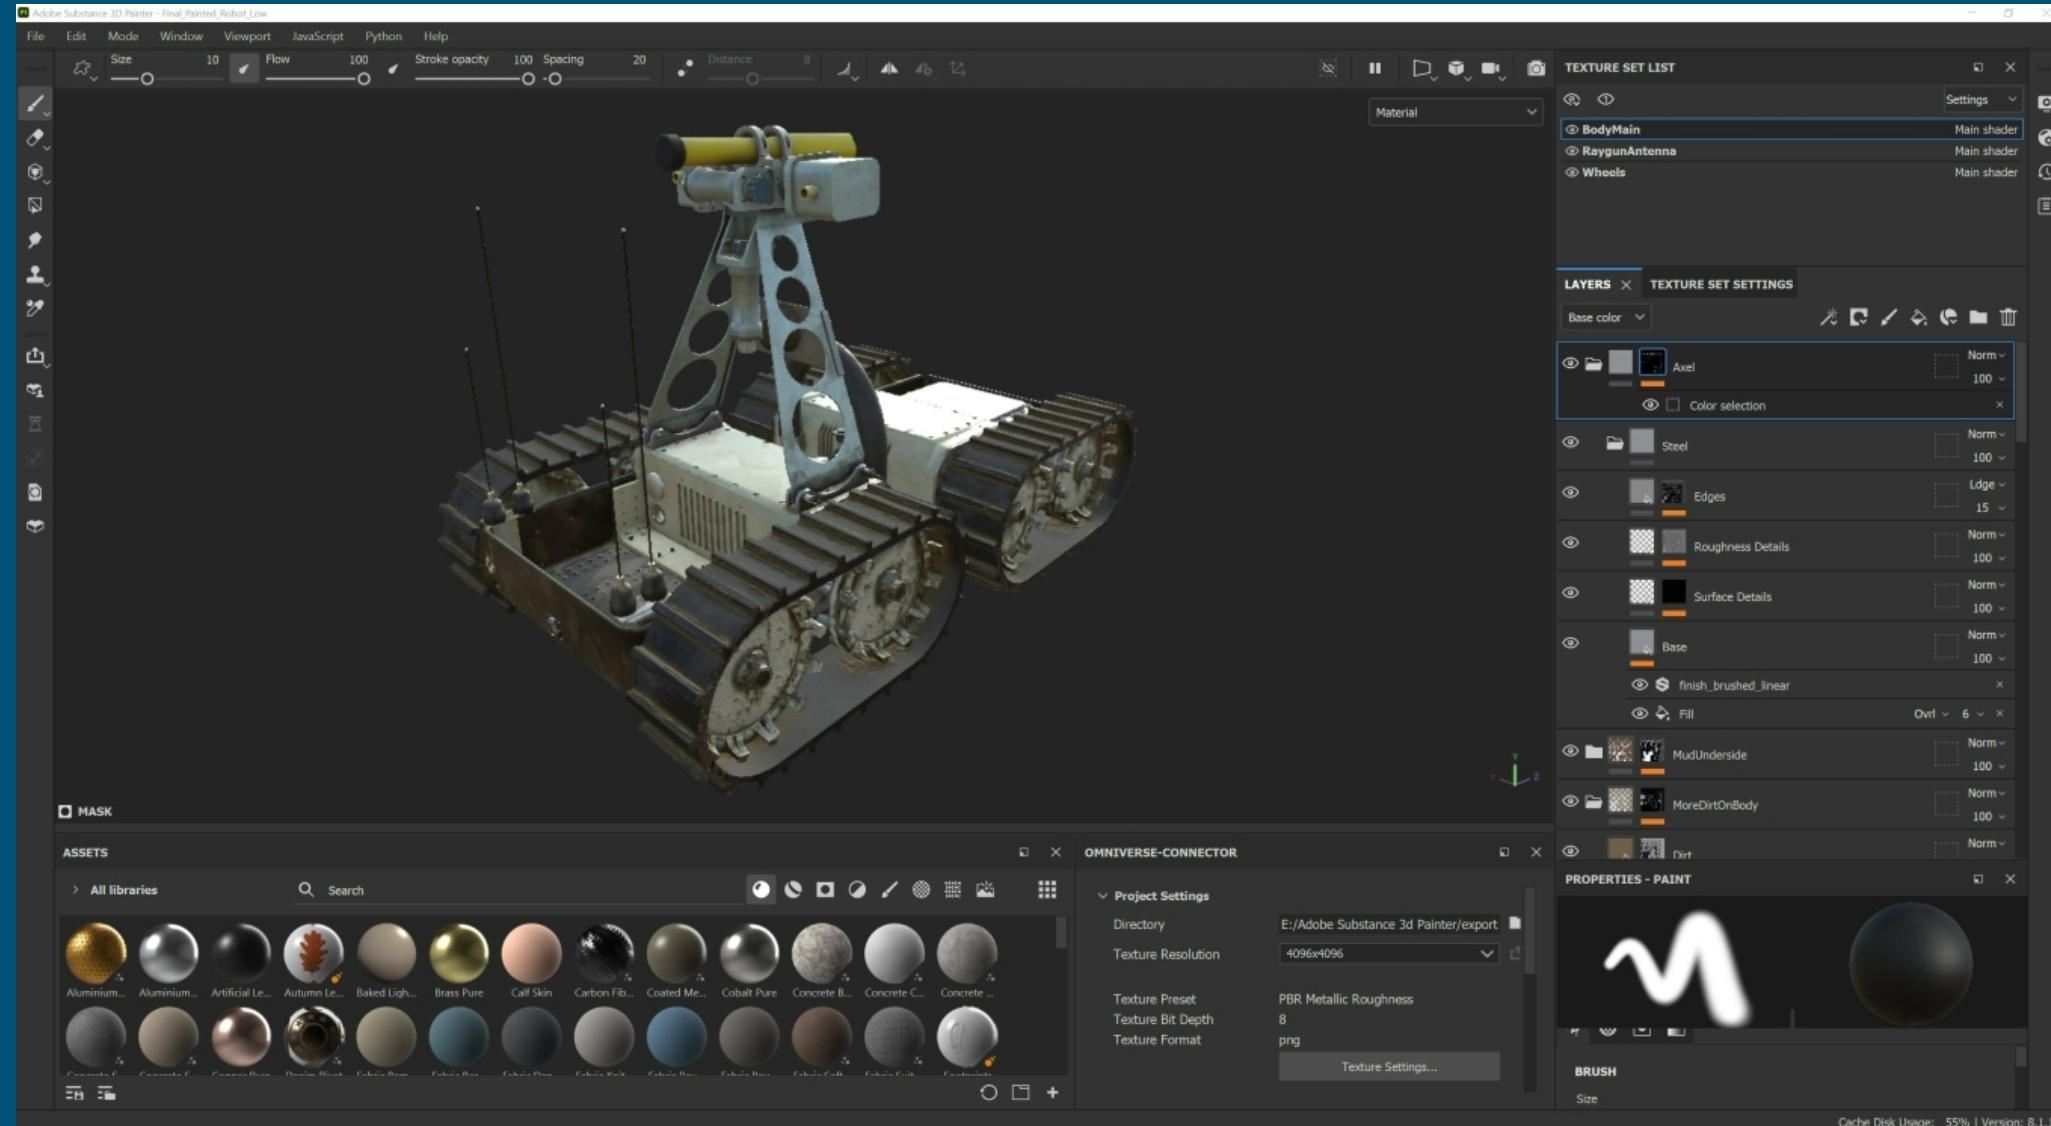

Houdini

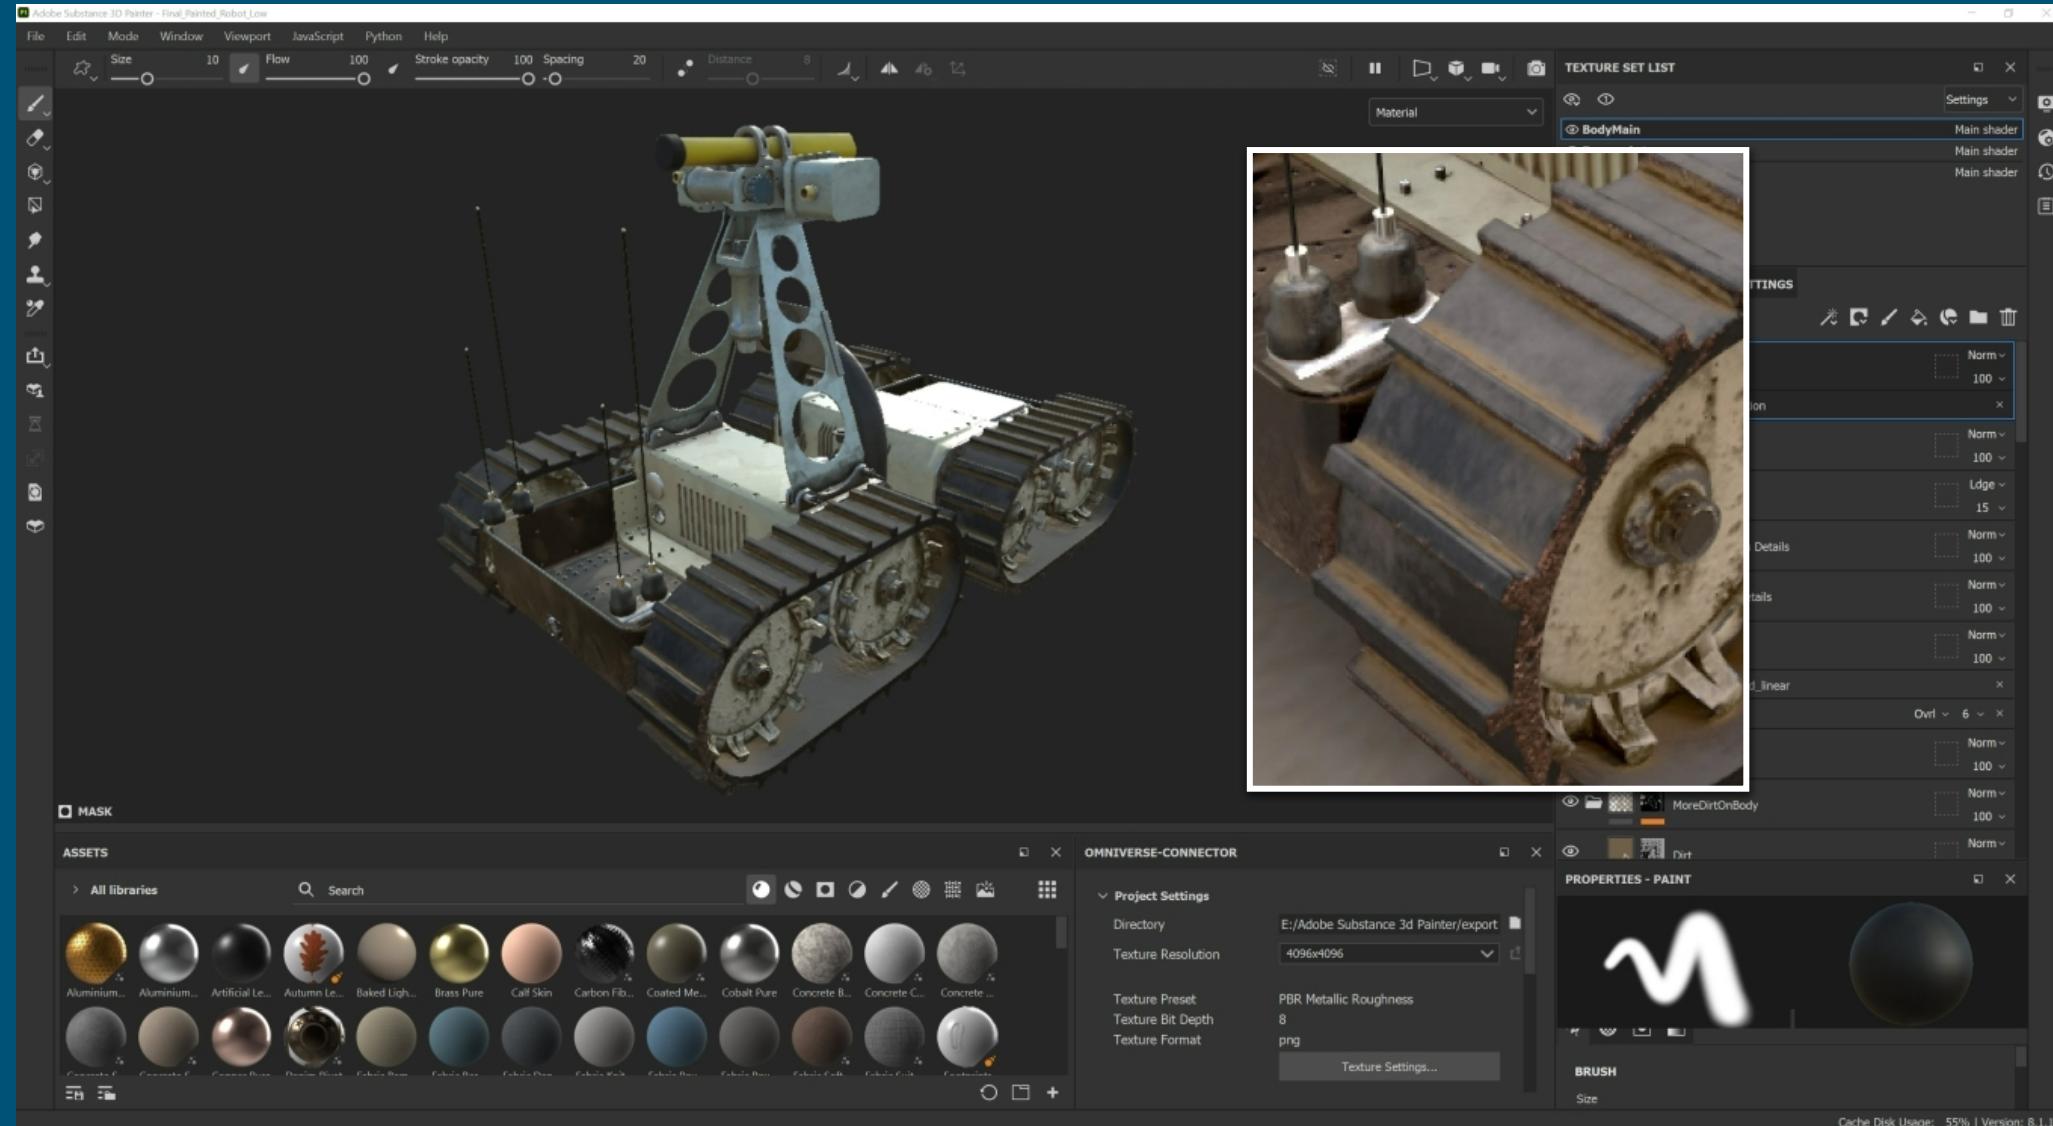

Houdini is a procedural 3d effects and animation software application, used by major VFX studio for the creation of Feature Films and Games.

Omniverse Create

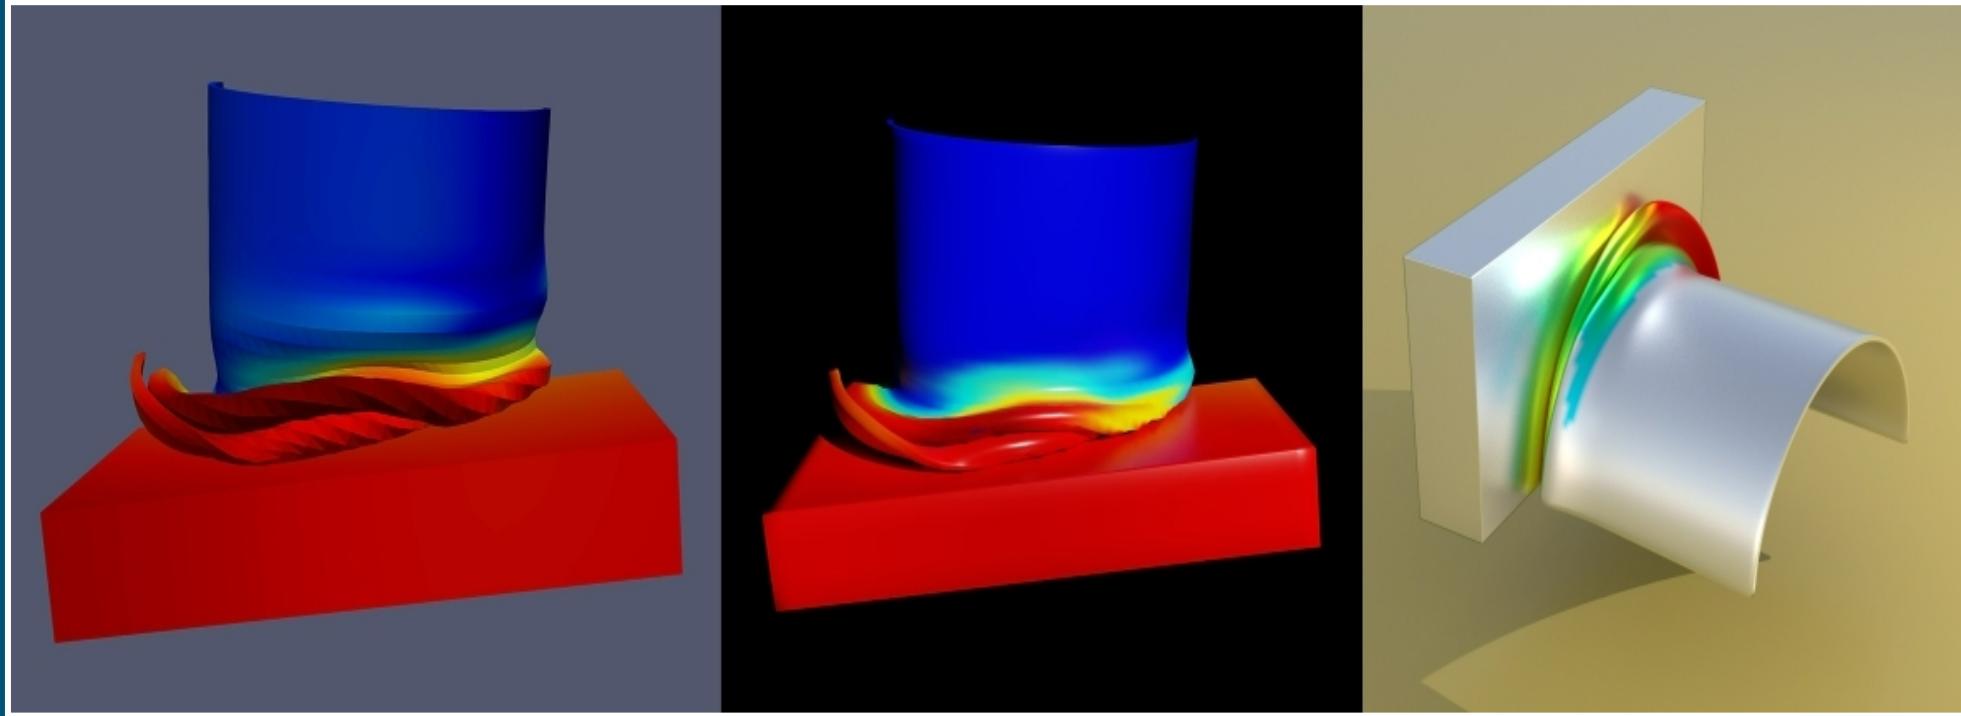

Omniverse Create

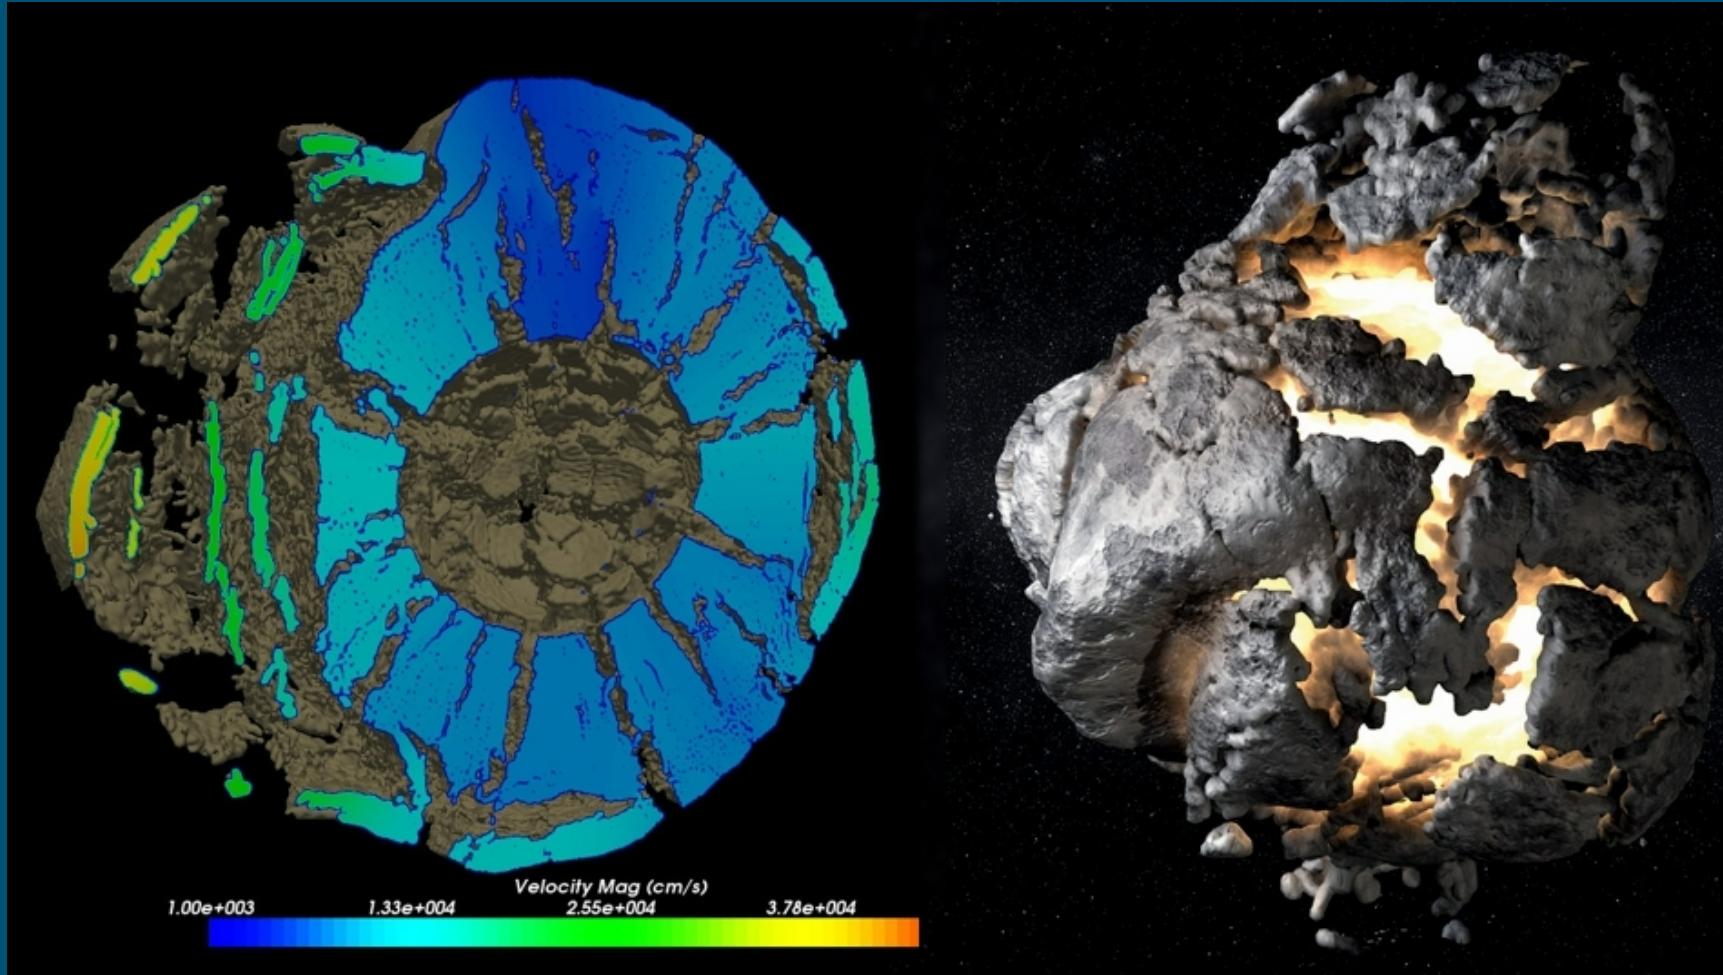

Paraview – Omniverse - Houdini

The NVIDIA Omniverse platform can be used to simplify the HPC impactful visualization creation pipeline. HPC simulation data is processed in Paraview using an open source Omniverse plugin. USD data is created and saved in a project folder. That data can be rendered with multiple GPUs, using the Omniverse Rendering application or read by Houdini for further processing.

Golevka Visualizations

Generated from the same data

Creating impactful visualizations with Omniverse

- Omniverse Paraview Connector translates simulation data
- Houdini reads and manipulates the simulation data
- Omniverse Create application enhances Houdini simulation data
- Omniverse XR displays the simulation data in AR and VR

Creating Impactful visualizations with Omniverse

23

- Omniverse Paraview Connector translates simulation data
- Houdini reads and manipulates the simulation data
- Omniverse Create application enhances Houdini simulation data
- Omniverse XR displays the simulation data in AR and VR

Creating Impactful visualizations with Omniverse
