## Preface

*Selected DOE Headquarters Publications* provides listings of (mainly policy and programmatic) publications which have been—

- issued by headquarters organizations of the Department of Energy;
- assigned a "DOE/XXX"—type report number code, where "XXX" is the 1- to 4-letter code for the issuing headquarters organization (see third para. below);
- received by the Energy Library; and
- made available to the public (see pp. iv and v).

DOE staff members may borrow circulation copies from the Energy Library or may obtain copies, if in stock, from IR-631 (Public Inquiries, 252-5568). The contact person in the originating office should not be called for circulation or retention copies.

Certain publications have been omitted. They include such items as pamphlets, "fact sheets," bulletins, newsletters, and telephone directories. Also omitted are headquarters publications issued under the "DOE-tr" (DOE translation), "HCP" (Headquarters Contractor Publication), and "CONF" (conference proceedings) codes, and technical reports from the Jet Propulsion Laboratory and NASA issued under "DOE/JPL" and "DOE/NASA" codes.
