Project Overview

The Department of Energy Office of Environmental Management (DOE-EM) in cooperation with the Self Reliance Foundation (SRF) is conducting the Hispanic Environmental and Waste Management Outreach Project (HEWMO) to increase science and environmental literacy, specifically that related to nuclear engineering and waste management in the nuclear industry, among the U.S. Hispanic population. The project will encourage Hispanic youth and young adults to pursue careers through the regular presentation of Spanish-speaking scientists and engineers and other role models, as well as career information on nationally broadcast radio programs reaching youth and parents. This project will encourage making science, mathematics, and technology a conscious part of the everyday life experiences of Hispanic youth and families.

The SRF in collaboration with the Hispanic Radio Network (HRN) will produce and broadcast radio programs to address the topics and meet the objectives as outlined in the Environmental Literacy Plan and DOE-EM Communications Plan in this document. The SRF has in place a toll-free "800" number Information and Resource Referral (I&RR) service that national radio program listeners can call to obtain information and resource referrals as well as give their reactions to the radio programs that will air. HRN will use this feature to put listeners in touch with local organizations and resources that can provide them with further information and assistance on the related program topics.

Task 1 - Environmental Literacy Plan

The HEWMO Project Will:

- produce and broadcast interviews with Hispanic men and women role models who have science careers at all levels, from technical positions not requiring a college degree to Ph.D.'s engaged in cutting edge research and in waste management in the nuclear industry;
- provide information, via radio programs and I & RR services, on:
 - 1.) academic and career resources
 - 2.) success stories by highlighting the steps needed for academic success in the pursuit of a science career
 - 3.) examples of Hispanic students who have employed these successfully
 - 4.) career opportunities for women
 - 5.) financial aid resources and trends;

Self Reliance Foundation
Hispanic Environmental and
Waste Management Outreach

- produce and broadcast interviews with Hispanic physicists, chemists, biologists, and engineers working at Stanford, Los Alamos, Sandia, Livermore, Berkeley, and other DOE funded laboratories and facilities. Scientists can serve as role models and also explain the achievements of the National Laboratories;
- provide information, via radio programs and I & RR services, about internship and job opportunities in scientific and engineering fields available to Hispanic students;
- produce and broadcast radio programs that discuss how children learn science, emphasizing that children are naturally curious, learn well in groups, and are fascinated by many basic areas of science: water, light and color, plants, the body, and many other topics;
- produce and broadcast radio programs that educate the Hispanic community on how chemistry is a part of everyday life in the kitchen and other parts of the household; simple kitchen chemistry activities, such as chemical reactions from mixing ingredients in cooking, changes in temperature while baking, the chemical effects of household cleaning products; and inform Hispanics, via radio programs and I & RR services, where to get more information in Spanish or English on chemistry activities at home, among others;
- produce and broadcast radio programs that provide examples of and opportunities for the involvement of children and youth in organized science activities, as volunteers in: 1.) science museums 2.) in summer science programs 3.) in environmental projects, and 4.) in programs provided by Hispanic organizations;
- produce and broadcast radio programs that provide information about new technological advances that are helping environmental scientists preserve our natural resources and recycle usable materials like aluminum and plastics, and control the waste stream.

Task 2 - DOE - EM Communication Plan

The HEWMO Project Will:

- produce and broadcast radio programs that communicate the mission, goals and activities of the Department of Energy Office of Environmental Management to the Hispanic community;
- produce and broadcast radio programs that provide information regarding the types of waste managed by DOE-EM, cleanup and restoration plans for nuclear sites, and ways of treating, recycling, and disposing of nuclear waste;
- produce and broadcast radio programs that inform the Hispanic community about the nuclear age history and current federal plans, nuclear disarmament strategies, the test ban treaty, the mission of the National Labs, and the role of Hispanic scientists in the Labs;
- produce and broadcast radio programs that provide biographies of key scientists

that developed nuclear energy technology and projects;

- produce and broadcast radio programs that educate the Hispanic community about types of radiation and its sources, radioactivity and fission, biological effects of radiation, types and amounts of waste, wasteful policies on tritium, uranium and plutonium, transportation of nuclear waste, and the importance of nuclear reactors.

The SRF will achieve the HEWMO Project objectives by conducting national outreach through the Hispanic Radio Network's radio program series "Planeta Azul" and "Buscando la Belleza" which air daily via HRN radio station affiliates in all major U.S. Spanish-speaking markets.

With guidance from DOE-EM Contracting Officer's Representative (COR), SRF/HRN will identify, research and develop subject information to be formulated into radio program scripts and content representative of the topics outlined in tasks one and two of this document.

HRN produced and distribute for broadcast the following radio programs:

Planeta Azul:

Volume 50, Programs 451 - 457

- Educates listeners about nuclear energy, its war applications and how it affects us in our every-day lives.

Volume 51, Programs 456 - 469

- Educates listeners about the good and the bad impacts of nuclear energy on human kind. This includes nuclear medicine and the effect this energy can cause to the human body.

Volume 52, Programs 470 - 483

- This volume combines the history of nuclear energy –including the worst nuclear accident in history (Chernobyl), and the unveiling of this country's nuclear dirty secrets by the DOE during Clinton's first administration.

Volume 53, Programs 484 - 497

- Educates listeners about the DOE and its efforts to diminish the negative impacts of nuclear energy on the environment. Describes programs DOE-EM is conducting to clean up the environment and how the community can get involved in these efforts.

Volume 54, Programs 498 - 511

- Biographical profiles of some of the most outstanding nuclear scientists in history are presented as role models for listeners.

Volume 61, Programs 603 – 609

Volume 62, Programs 617 – 623

Volume 66, Programs 673 – 679

Volume 67, Programs 680 - 686

- Profiles Hispanic role models working on diminishing the negative impacts of nuclear energy and how they can influence young students in order for them to pursue a career in sciences.
- Identifies summer internship and job opportunities in scientific and engineering fields available to Hispanics interested in scientific and environmental careers through public and private industries.

Buscando la Belleza:

Volume 295, Programs 4067 – 4068

- Interviews with Hispanic men and women who have science careers at all levels engaged in cutting edge research and waste management in the nuclear industry.

Volume 296, Program 4072

Volume 298, Programs 4105, 4106, 4108, 4113

- Academic and career resources / success stories: Highlights of steps needed for academic success in the pursuit of a science career, career opportunities and financial aid resources and trends.

Volume 296, Programs 4076, 4097, 4080, 4081, 4087

Volume 297, Programs 4089, 4086, 4097

Volume 298, Programs 4099, 4109

Volume 299, Program 4121

Volume 300, Programs 4128, 4133, 4135

Volume 301, Programs 4142, 4153, 4146, 4150

- Science literacy and family involvement topics: Examples of and opportunities for

the involvement of children and youth in organized science activities in science museums, in summer science programs, in environmental projects, and in programs provided by Hispanic organizations. Information that will help parents teach science to their children, emphasizing that children are naturally curious, learn well in groups, and are fascinated by many basic areas of science: water, light and color, plants, the body, and many other topics.

Volume 302, Programs 4161,4164, and 4165

Volume 303, Programs 4168, 4171, and 4177

Volume 304, Programs 4184 and 4192

Volume 310, Programs 4269, 4271,4274,4276, and 4279

- Profiles Hispanic physicists, chemists, biologists, and engineers.

Project Metrics

Focus groups will be conducted in September 1998 in order to test how the radio programs influence environmental attitudes within the Hispanic community. HRN has held several focus group sessions regarding the attitudes, interests, and knowledge of its listeners relative to the previous and current radio episode topics. HRN has included diverse Hispanic participants, so that it can address differences in educational levels and interests. Response to the proposed programming is generally very positive with all participants feeling comfortable with the accents of the program hosts.

HRN will continue focus group sessions to get continual feedback on its programming. As a group of episodes is developed for the environmental series, HRN will select individual episodes representative of the scope of programming featured in each series, have focus groups of twelve Hispanics listen to them, and immediately afterward, respond to questions concerning their overall appeal and content/delivery comprehension issues.

HRN will develop a systematic means for documenting the use of the toll-free Information and Resource Referral (I & RR) services. HRN will also conduct follow-up interviews with users of the toll-free number to learn more about the effect of using this service.

HRN also conducts its own monitoring of the project, including tracking the calls to the toll-free number and recording demographic profiles of callers. Soliciting both open ended and directed feedback from program directors of the stations carrying the

programs. Monitoring Arbitron ratings, which give precise demographic breakdowns for the actual listening audience in each community. Obtaining continual feedback from cooperating educational outreach and community based organizations and programs. HRN is fully committed to using the results of the evaluations and our own monitoring to continually revise and improve programming.

Third Quarter Activity Summary

Self Reliance Foundation in collaboration with the Hispanic Radio Network produced and broadcast 40 DOE-EM sponsored radio episodes during the 3rd quarter of the HEWMO

Project. These episodes covered a variety of environmental topics ensuring a wide listening audience.

Self Reliance Foundation's analysis of Outreach listeners/ callers demographics for the Third Quarter show:

- 60% of listeners/callers are men
- 39% of listeners/ callers are of Mexican Heritage
- 32% of listeners/callers are able to speak English
- 26% of listeners/callers last level of education completed was high school

During the Third Quarter of the HEWMO Project , the following episodes were produced and broadcast in HRN's *Buscando la Belleza* and *Planeta Azul* series:

- Profiles Hispanic physicists, chemists, biologists, and engineers.

Project Metrics

Focus groups will be conducted in September 1998 in order to test how the radio programs influence environmental attitudes within the Hispanic community. HRN has held several focus group sessions regarding the attitudes, interests, and knowledge of its listeners relative to the previous and current radio episode topics. HRN has included diverse Hispanic participants, so that it can address differences in educational levels and interests. Response to the proposed programming is generally very positive with all participants feeling comfortable with the accents of the program hosts.

HRN will continue focus group sessions to get continual feedback on its programming. As a group of episodes is developed for the environmental series, HRN will select individual episodes representative of the scope of programming featured in each series, have focus groups of twelve Hispanics listen to them, and immediately afterward, respond to questions concerning their overall appeal and content/delivery comprehension issues.

HRN will develop a systematic means for documenting the use of the toll-free Information and Resource Referral (I & RR) services. HRN will also conduct follow-up interviews with users of the toll-free number to learn more about the effect of using this service.

HRN also conducts its own monitoring of the project, including tracking the calls to the toll-free number and recording demographic profiles of callers. Soliciting both open ended and directed feedback from program directors of the stations carrying the programs. Monitoring Arbitron ratings, which give precise demographic breakdowns for the actual listening audience in each community. Obtaining continual feedback from cooperating educational outreach and community based organizations and programs. HRN is fully committed to using the results of the evaluations and our own monitoring to continually revise and improve programming.

Third Quarter Activity Summary

PLANETA AZUL. UN PROGRAMA NACIONAL CON INFORMACION Y VALIOSOS CONSEJOS PARA LA CONSERVACION DE ENERGIA Y LA PROTECCION DEL MEDIO AMBIENTE.

1) EN ESTADOS UNIDOS EXISTEN NUEVE LUGARES QUE PUEDEN SER LITERALMENTE MORTALES PARA LA SALUD M) SE TRATA DE NUEVE INSTALACIONES EN LAS QUE SE FABRICARON ARMAS NUCLEARES Y QUE ESTAN ACTUALMENTE ALTAMENTE CONTAMINADAS 1) DE HECHO EL NIVEL DE CONTAMINACION RADIATIVA ES TAN ALTO QUE PUEDE QUE NO SEA POSIBLE LIMPIAR ESTAS AREAS M) LA UNICA OPCION CON LA QUE SE ENFRENTAN LAS AUTORIDADES ES SELLAR ESOS LUGARES DEFINITIVAMENTE PARA IMPEDIR EL ACCESO A CUALQUIER SER HUMANO 1) LA SITUACION DE ESTAS AREAS HA HECHO QUE SEAN INCLUIDAS EN UN FONDO ESPECIAL PRIORITARIO PARA PODER ACTUAR CON RAPIDEZ M) LA AGENCIA DEL MEDIO AMBIENTE DEL DEPARTAMENTO DE ENERGIA ESTA AL FRENTE DEL PROYECTO DE LIMPIEZA Y CONTROL DE LOS RESIDUOS RADIATIVOS EN ESTADOS UNIDOS 1) GRACIAS A LOS FONDOS DESTINADOS A ESTE CAPITULO, DECENAS DE INSTALACIONES QUE REPRESENTABAN UN RIESGO PARA LA SALUD DE LOS HABITANTES DE LOS ALREDEDORES ESTAN AHORA BAJO CONTROL M) OTRAS HAN PODIDO SER LIMPIADAS DEFINITIVAMENTE 1) CUALQUIER CIUDADANO QUE DESEE SABER CUAL ES LA SITUACION RADIATIVA DE SU COMUNIDAD, PUEDE PONERSE EN CONTACTO CON ESTA AGENCIA. M) PARA MAS INFORMACION GRATIS ACERCA DE DONDE ESTUDIAR UNA CARRERA UNIVERSITARIA O DONDE ENCONTRAR UNA BECA ESCOLAR, LLÁMANOS A LA RED HISPANA DE RADIO AL 1-800-473-3003. 1) TAMBIEN TENEMOS UN CONCURSO PARA DAR CINCO MIL DÓLARES A UNA ORGANIZACION AMBIENTAL O EDUCATIVA EN TU COMUNIDAD. POR DECIRNOS DE ALGUNA ORGANIZACION, TU TE PODRIAS GANAR UNA COMPUTADORA. RECUERDA, 1-800-473-3003... 1-800-473-3003. HABLARON PARA USTEDES M) MARIO SOL E 1) INGRID BAENA PARA PLANETA AZUL M) ESTE PROGRAMA LLEGÓ A USTEDES GRACIAS AL APOYO DEL DEPARTAMENTO DE ENERGIA.

1. COMO ELIMINAR LOS RESIDUOS NUCLEARES

PLANETA AZUL, UN PROGRAMA NACIONAL CON INFORMACION Y VALIOSOS CONSEJOS PARA LA CONSERVACION DE ENERGIA Y LA PROTECCION DEL MEDIO AMBIENTE.

I) ESTADOS UNIDOS HA ESTADO GENERANDO RESIDUOS NUCLEARES DURANTE MUCHOS AÑOS M) ESTOS RESIDUOS, GENERADOS DURANTE MAS DE 40 AÑOS CONTAMINARON EN OCASIONES EL MEDIO AMBIENTE I) EL DEPARTAMENTO DE ENERGIA ES AHORA EL ENCARGADO DE HACERSE CARGO DE ESOS RESIDUOS Y LIMPIAR LAS INSTALACIONES QUE QUEDARON CONTAMINADAS M) LAS COSAS HAN CAMBIADO MUCHO DESDE ENTONCES. EL DEPARTAMENTO DE ENERGIA, A TRAVES DE LA SUBSECRETARIA DE ADMINISTRACION AMBIENTAL HA ADOPTADO UNA NUEVA FILOSOFIA DE APERTURA AL PUBLICO I) LOS RESIDUOS NUCLEARES SON UN PROBLEMA QUE AFECTA A TODO EL MUNDO Y POR ELLO ESTA AGENCIA QUIERE TENER INCLUIR A LOS CIUDADANOS EN LA TOMA DE DECISIONES A LA HORA DE MANEJAR ESTOS RESIDUOS M) LA REDUCCION EN LA PRODUCCION DE ESTOS RESIDUOS RADIATIVOS ES OTRA DE LAS PRIORIDADES I) EL OBJETIVO DEL DEPARTAMENTO DE ENERGIA ES LIMPIAR LA NACION DE RESIDUOS RADIATIVOS EN LOS PROXIMOS 30 AÑOS

1. EFECTOS DE LA RADIACION NUCLEAR

PLANETA AZUL, UN PROGRAMA NACIONAL CON INFORMACION Y VALIOSOS CONSEJOS PARA LA CONSERVACION DE ENERGIA Y LA PROTECCION DEL MEDIO AMBIENTE.

I) EL DESCUBRIMIENTO DE LA ENERGIA NUCLEAR HA AYUDADO ENORMEMENTE AL DESARROLLO TECNOLÓGICO DE NUESTRA SOCIEDAD M) SIN EMBARGO MUCHOS SERES HUMANOS HAN PAGADO TAMBIEN LAS CONSECUENCIAS DEL USO INADECUADO DE ESTOS AVANCES CIENTÍFICOS I) LA RADIACION CAUSADA POR BOMBAS ATOMICAS, EXPERIMENTOS NUCLEARES Y ACCIDENTES EN CENTRALES NUCLEARES HAN CAUSADO DAÑOS A MILLONES DE SERES HUMANOS M) LAS RADIACIONES PUEDEN ALTERAR LA ESTRUCTURA GENETICA DE NUESTRAS CELULAS CREANDO TUMORES QUE SE DESARROLLAN SIN CONTROL I) ADEMÁS, SI ESTAS ALTERACIONES GENÉTICAS SE PRODUCEN EN LAS CELULAS SEXUALES, ESTO ES, EN LOS OVULOS O LOS ESPERMATOZOIDES, SERÁN TRANSMITIDAS A LA DESCENDENCIA M) TAMBIEN LOS HIJOS QUE SE ESTAN GESTANDO SON MUY SENSIBLES A LA RADIACION YA QUE TODOS SUS SISTEMAS ESTAN DESARROLLANDOSE I) EL YODO RADIATIVO QUE SE LIBERA EN LA LLUVIA RADIATIVA ES ABSORBIDO POR LA MADRE Y ENVIADO A TRAVES DE LA SANGRE AL FETO M) ESTA RADIACION PUEDE AFECTAR SERIAMENTE LA PEQUEÑA GLANDULA TIROIDES DEL NIÑO I) LA LEUCEMIA ENTRE LOS NIÑOS EXPUESTOS A LLUVIAS RADIATIVAS, ES OTRO DE LOS EFECTOS EN AREAS DONDE HA HABIDO ESCAPES NUCLEARES. M) PARA MAS INFORMACIÓN GRATIS ACERCA DE DONDE ESTUDIAR UNA CARRERA UNIVERSITARIA O DÓNDE ENCONTRAR UNA BECA ESCOLAR, LLÁMANOS A LA RED HISPANA DE RADIO AL 1-800-473-3003. I) TAMBIÉN TENEMOS UN CONCURSO PARA DAR CINCO MIL DÓLARES A UNA ORGANIZACIÓN AMBIENTAL O EDUCATIVA EN TU COMUNIDAD. POR DECIRNOS DE ALGUNA ORGANIZACIÓN, TÚ TE PODRÍAS GANAR UNA COMPUTADORA. 2. LOS RAYOS X

PLANETA AZUL, UN PROGRAMA NACIONAL CON INFORMACION Y VALIOSOS CONSEJOS PARA LA CONSERVACION DE ENERGIA Y LA PROTECCION DEL MEDIO AMBIENTE.

I) UNO DE LOS EFECTOS POSITIVOS DEL DESCUBRIMIENTO DE LA RADIACION NUCLEAR SON LAS APLICACIONES QUE SE HAN HECHO A LA MEDICINA M) GRACIAS A ESTAS RADIACIONES SE PUEDEN REALIZAR RADIOGRAFIAS PARA COMPROBAR CUAL ES EL ESTADO INTERNO DE LOS ORGANOS DEL PACIENTE I) PERO LA EXPOSICION A ESTOS RAYOS X QUE SE CREAN CUANDO VAMOS AL RADIOLOGO, PUEDE TENER EFECTOS NEGATIVOS SOBRE NUESTRA SALUD SI NO SE TOMAN LAS PRECAUCIONES ADECUADAS M) LOS RAYOS X PUEDEN PRODUCIR LA MUTACION DE LOS GENES QUE SE ENCUENTRAN EN LAS CELULAS DE

Education							
1/29/98	Walla Walla, WA 99362	Mexico	Education	Science	Caller's daughter is interested in sciences and is 12 years old. Her name is Valeria Martinez, and she wants to be a scientist. Her father wants information about science projects so that they can further inspire her in the science field. Their work number is 558-3130.	Caller's daughter will be sent information about science experiments that can be done at home, to encourage her in the science field.	The programs are very informative
2/20/98	Redondo Beach, CA 97028		Education	Career	Caller left message about wanting to know how to study for a civil service career.		
2/23/98			Education	Art	Drawing classes voicemail.		
2/20/98	Detroit, MI	Penn	Education	Bilingual Ed	Caller read column about school education, bilingual education, wants to know why the children learn only english. He thinks the basic problem is that people can live here without ever learning English. Column never provided suggestions on how to help this.	Caller's comments were noted and caller was thanked for his opinion.	I read your article on the internet and was moved by the information. Why didn't the column provide any suggestions to the bilingual education?? I am a strong supporter of learning only the language of where one lives.
2/20/98	Inglewood, CA 90104	Mexico	Education	Science	Information for her children about how to do science experiments, how to help them learn to read, how to help them become interested in education. She has a 7 year-old daughter and a 4 year old son.	Caller asked to call the radio station and say that she likes the shows and would like to hear them during the day as well. Sent information about science projects and how to teach your children to use the library, and other information for parents in Spanish.	The programs that I hear of yours are very good. The information that they talk about is so important. Every time I listen I get a paper and pencil ready to write down the information, and today I wrote your telephone number to see what you offer to help children. The only problem for me is that they only put the shows at night, and I would like to hear them during the day while I am here with my children.
2/24/98	Union City, NJ 07087	Columbia	Education	Youth Groups	Caller has a twelve year old daughter that he is concerned about, she talks a lot about sex already and he is worried that she will be one of those girls who gets pregnant before they turn 16. She has been going to counseling for two years, he often with her, and still she has little sign of having friends and health pastimes. She loves disguises/costume and her father believes she feels very alone in the world. She is very dependent on her father.	Caller was sent information on teen pregnancy in Spanish by a local Planned Parenthood chapter, and local youth centers with bilingual speakers were referred to him where he could call and find out more about the organization and if he would like his daughter to be involved. A Sexual Education Program through the NYC school system for parents and children was found, contact Ros Agosto at (212) 569-2880, where the class is a bilingual/bicultural class.	I read the article about teenage pregnancy and it was very interesting because of the situation with my daughter. It encouraged me to call you and find out what additional support I can find for this difficult situation.

2/24/98	Lake Buena Vista, FL	Brazil	Education	ESL	Caller wants to know where to take english classes.	Caller was referred to the Colla Immigration Project that offers english classes to Latinoamericans.	I like the programs for the information that it gives, and the help it offers.
3/6/98	Calexico, CA 92231	Mexico	Education	Science	Caller wants information about how to involve his kids in science. Send me information about San Diego University, science experiments, tutoring, everything that has to do with science.	Caller will be sent all above mentioned.	Listened to your program about science and children, and I want my children involved in the sciences.
2/26/98	Tiger (near Salem), OR	Mexico	Education	Studying	Caller is having problems with his son's teacher. He says that the teacher is critical of his son, yells at him for no reason and doesn't help with homework. His other son told him that he shouldn't call the teacher directly because the teacher will just treat his son even worse. So he doesn't want to talk to the teacher directly. He is thinking about talking to the principal but wasn't sure if that would help either.	Suggested that caller go to see the school principal first of all. Said that these sorts of things have to be dealt with within the school district. Recommended that he ask when PT meetings take place and when School Board meetings take place as well. He said that he will talk to the principal and then call me back if he needs to go further with the problem. I said we would need the name of the school and the school district as well to put him in touch with someone who could help.	
1/22/98	Woodburn, OR 97071	Mexico	Education	Teacher	Caller is a middle school counselor. He listens to the radio programs regularly and has heard about the HRN information service. He is interested in receiving literature that he can share with students who may one day need scholarships and who are interested in home science projects, and any other educational information.	Referred caller to Hispanic College Fund, Nat'l Hispanic Scholarship Fund, Vista Scholarship Guide; LULAC Nat'l Education Ctr; Mailed caller the SRF Financial Aid Guide; Information about the Mathematics Engineering Science Achievement program; home science experiments for kids (eng/span); literature for parents on how to help their kids in school (span); literature for teachers and parents about how to spark kids' interest in school; GED information; Scholarships for Aspiring Teachers; Careers in special education; ERIC financial aid resource guide.	I have heard several of the HRN programs. Recently, I heard Buscando La Belleza. I feel all the programs give vital information to the Hispanic community.
2/26/98	Fontana, CA 92336	Mexico	Education	Vocational	Mechanic classes.	Caller referred to San Bernardino Valley College and Rancho Santiago College which both offer Automotive courses at \$13 a unit.	Buscando la Belleza-- the program is very good and they said that you can help find classes that are offered near where I live.
3/2/98	Apopka, FL	Mexico	Education	GED	Caller wants to get her GED, she wants to study either something of Beauty school of Dental Hygienist.	Caller was referred to two local community colleges for classes towards working in the beauty field. She was also referred to Ser-John for Progress for possible training to this end of towards dental hygienic work.	They are good programs.

3/2/98	La Puente, CA	Honduras	Education	Degree	Caller studied two years in college in Honduras economic studies, and she wants to continue here, but it was twenty years ago.	Caller was referred to three local community colleges for her inquiry about taking classes to finish her degree in economics.	I like your programs, they offer much help.
3/2/98	Hendon City, WA 99320	Mexico	Education	Seminars	Caller is a worker for Alcoholics Anonymous, and they are trying to get a doctor to speak at a meeting they have for the community at the end of March.	Caller was given the numbers of clinic nearby to try to get a doctor to come and speak to their AA meeting about the ill affects of alcoholism.	I heard the announcement over the radio, and wanted to know if you could help us.
1/9/98	Rio Grande, TX 78582	Mexico	Education	GED	Caller said her brother called the HR service and was given some very good referrals for job training programs and college programs. She dropped out of school in the 10th grade. She went to school in Florida and has moved back to Texas to live with her mother and brother. She wants to know where she can get her GED.	Referred caller to Mr. Herrera, counselor at Rio Grande High School 956/488-6000 who is in charge of the free GED program.	It's so great to know that there is a free service like yours that helps us with any of the things we really need but don't know where to find. Thank you very much for helping me.
1/9/98	Casselberry, FL 32707	Colombia	Education	ESL	She would like to continue her education and learn English in a program in which she can get paid while going to school learning the language. She heard of this kind of programs through a friend.	Caller sent information about the GEDs, scholarships and referred to SER-John for Progress for more information.	The program has very interesting topics. She really enjoys and likes
1/6/98	Fellsmere, FL 32948	Puerto Rico	Education	Sesame St. program	Caller want information about Sesame St. programs for the education of childrens. Caller is sister in law of Eni from Florida Office.	Information will be sent to caller as soon as research is done.	
11/13/97	Pico Rivera, CA 90660	Mexico	Education	Tutoring	Caller has an 8 year old daughter who goes to South Ranchito Elementary school. She has trouble reading. She is far behind in her class. Caller wants to know if there is a tutor available to help her. He would also like to receive literature on how to help his daughter excel in school and one day prepare for college. Work phone is 562-947-7617. Caller wants a list of the HRN toll free numbers and services to announce to the 6000 people who gather for "El Club de los desvelados" who are all listeners of KTNQ's Victor Camacho program and Consuelo Luz' program.	Caller was mailed a book called Reading Reflex, distributed by Read America, a resource for parents who want to help their children improve their reading skills at home. Book will be provided free of charge to family. Contact is Carmen McGinn at 800-732-3868, mailed caller a Spanish language home tutoring book for parents who want to help their children improve reading skills.	Caller heard the program on Victor Camacho's show on the 1020 am radio station. He has heard many of the topics Consuelo has talked about and the show about helping your child in school really hit home for him and made him call the toll free number. Caller has the HRN number memorized.
1/28/98	Cudahy, CA 90101	Mexico	Education		Caller wanted to know what kind of information this number provided. It was only an inquiry after hearing the program air, and so he called without any actual question in mind. May call back if he needs help.	Caller was encouraged to call back when he had a specific question or problem, as he was only inquiring about the services this number provided.	I was interested in this phone number and what services it provides.

11/17/97	Downey, Ca 90242	Mexico	Education	Nursing	Caller want information about schools for Nurses. She got our phone number from a friend.		
1/29/98	Orlando, FL 32837	Puerto Rico	Education	Science	Caller wants to know information about science experiments for her grandchildren.	Caller will be sent the pamphlet of science experiments for her grandchildren.	The program is divine. I love it, and I am going to write to make sure the program stays on the air.
1/30/98	Corvallis, OR 97339	Mexico	Education	Seminars	Caller wants information about learning English in her community.	Caller referred to Mano a Mano, as well as the OSU Hispanic Cultural Center in Corvallis (Cesar Chavez). Various attempt were made to return the call, but the caller's number was not listed. Information was sent to caller in the mail but returned due to wrong address.	I like this program, Consuelo Comenta, because it helps people who don't have resources who have recently moved to this country.
2/2/98	Tigard, OR 97224	Mexico	Education	ESL	Caller wants information about where he can take English classes in his area	Caller was referred to the Hispanic Access Center as well as Ayuda, in the Portland area, for information about English classes in his area.	I like the program because it gives information about all types of topics.
1/28/98	Orlando, FL 32810	Colombia	Education		Caller has a son who is in his last year of high school in Orlando, FL. He is in the U.S. on a tourist visa. Caller want to know if there are any educational or training programs that he can take that do not require or ask for documentation of legal residency.	Referred caller to Gladys Castelleiro, Director of SER Jobs for Progress 407/894-7001 for training, advice and job placement.	
1/28/98	Sanford, FL 32773	Peru	Education	Science	Caller's daughter's (15 and 12 years old) are interested in education and science, and he wants more information about the program to share with his daughters.	Caller mailed a booklet of home science experiments for parents and children called "Experimentos".	I liked the program, I am interested in improving myself here in the United States, and the information about science interested me because I was a physical therapist in my country.
2/4/98	Aloha, OR 97006	Mexico	Education	Studying	Caller wants information to be able to study with her children to help them out with their studies after class.	Caller was given the number of Ayuda and the Centro Hispano for her questions about where to get afterschool teaching assistance for herself and her children. The school itself was also suggested to her, but she has had little luck with them, she said.	I liked the program because it helps us advance, especially in a country that is not ours, it is a help.
2/20/98			Education		Caller wants to know more about our Columna Vertebral, message left on machine.		
1/28/98	Keizer, OR 97104	Mexico	Education	Science	Caller wants information about science projects that she can do with her children out of her kitchen so they can learn together.	Caller was mailed list of home Science Experiments called "Experimentos" in Spanish.	I like the program, Buscando la Belleza, because it reminds us of things that we do not know, and helps us when we are at home, not working.

It is a good program, that helps people.
2/12/98	Channelview, TX 77530	Guatemala	Education	Math	Caller wants information about mathematics so that she can study for her GED. She wants to know what we can send her, or if there is a GED class close.	Local high school was called for information about GED classes or workbooks. In addition, caller referred to the Houston Community College's GED Class Program, at (713) 748-5400, who can offer her classes close by to her home.	I like Buscando la Belleza, because it helps out a lot with all different subjects, about domestic violence, about helping children learn.
11/24/97	Brooklyn, NY 11220	Ecuador	Education	ESL	Caller needs information about taking English courses in her community for free or for a very low cost. She has looked for these courses in the past and has only found expensive English classes. She cannot afford much but is willing to spend a little to learn English.		I heard the program on WADO radio. I thought the program was very beautiful. The program was called Heavensidos America. I really enjoy listening to Mario Sol. He is an excellent personality.
11/24/97	Woodburn, OR 97071	Mexico	Education	Nursing	Caller heard a program about going to college and studying nursing. Caller doesn't speak or read english yet so she also needs to learn english.		I heard the program on 880 am radio station. I thought it was a good program.
2/26/98	Los Angeles, CA	Mexico	Education	ESL	Computer class, english classes, and other possible classes. 3/9/98	Mapton, WA 90935	Mexico	Education	Science	Information about science studies. Caller would like to know what kind of science careers are out there for her and what kind of things she could study being 16 years old. She is also interested in information for her niece and nephews who aren't going to school because they believe it is too expensive. She wants information about science and psychology because both interest her and she thinks that there aren't enough Hispanics studying in these areas. She would also like to interest her kids in science.	Caller referred to local Community College to ask for a catalog of courses. Caller to be sent information about science experiments with children, science careers, science scholarships, psychology information, etc.	Buscando la Belleza- the program is very interesting, above all for kids who get out of highschool and don't know what to do with their lives. So many kids finish highschool and think that there are no opportunities for them, so they will just go work in the factories or in the fields. They don't think that they can do anything else because it costs too much.

2/4/98	Winter Garden, FL 34787	Columbia	Environment	Pesticides	Caller works for citrus farmers, and has worked for them for more than four years. They use a lot of chemicals to change the fruit from green to orange. She works in an area of the processing where a lot of smoke and steam is released. She has a co-worker who fell ill last year, and this year she fell ill. I has been a year since she has gotten sick, and wants to know what she has. She also wants to be sure that no one else falls victim to the same thing. The owner's only want to earn money and aren't worried about her health. She can no longer walk, she has been mostly affected in her back. She would like an investigation of the citrus plant and the chemicals that they are using.	Caller was referred to the EPA's Justice Line which receives calls in Spanish. Caller will receive via mail-- brochures in Spanish relating to Environmental Health and what workers can do to demand their rights for good health and a safe work environment. (referred caller to the following resources for investigation into rights/health abuses committed by her employers: OSHA in Tampa, Rafael Rodriguez (813) 626-1177 ext. 3015; Coalition of Florida Farmworkers Organizations, Homestead FL, (305) 246-0157.	It is so good to hear the help that you are giving to Hispano's in this country. so many injustices that occur, it is good to hear your voices on the radio. Radio Paz helped me like you wouldn't believe-- I was even going to commit suicide but I heard the program and it made me cry-- then I felt better and now I listen all the time.

1/30/98	Houston, TX 77077	Columbia	Financial Aid	Health	Caller is very interested in the programs and is recently moved to Texas from New Jersey. She would like information about financial help studying at the University. her son is 19 years old, and is studying in the health field. I raised my son alone, and without any help from his father. I have applied for citizenship for both of us, after having failed the exam, we will try to pass again.	Caller was referred to Vista Scholarships, as well as Hispanic College Fund for scholarships for her son's education. In addition, caller was given the numbers of local agencies that may help her speed up the application process and help her to pass the exam for her citizenship.	I like the program Buscando La Belleza because it helps you to understand what you need to do for yourself. You are treated the way you carry yourself. Our environment is very important and is necessary to learn more about it, you don't have to be rich to care about it.
