

Science.gov

Your Gateway to U.S. Federal Science

Find U.S. Government R&D Results

- ▶ Get free access to research and development (R&D) results and scientific and technical information from scientific organizations across 15 U.S. federal agencies:

Department of Agriculture

Department of Commerce

Department of Defense

Department of Education

Department of Energy

Department of Health and Human Services

Department of Homeland Security

Department of Interior

Department of Transportation

Environmental Protection Agency

Government Publishing Office

Library of Congress

National Aeronautics and Space Administration

National Science Foundation

U.S. Patent and Trademark Office

- ▶ Search over 60 databases, over 2,200 websites, and over 200 million pages of authoritative federal science information.
- ▶ Find federal science information in multiple formats, including full-text documents, citations, scientific data supporting federally funded research, and multimedia.
- ▶ Search Graduate and Undergraduate science, technology, engineering, and mathematics (STEM) opportunities across federal agencies.

Search Across Federal Public Access Portals

- ▶ Search multiple agencies' collections of free journal articles, peer-reviewed accepted manuscripts, and other reports of research results.
- ▶ Link to U.S. federal agencies' public access plans.
- ▶ Get information for federally funded scientists on "How to Submit Research Papers to Funding Agencies."

Science.gov is supported by CENDI and governed by the Science.gov Alliance.
