Your connection to science, technology, and engineering research information from the U.S. Department of Energy

SciTech Connect contains:

- energy-related R&D results from the 1940s to today;
- 2.85 million total records;
- 427,000 full-text DOE-sponsored scientific and technical information reports;
- 1.5 million journal article citations with 990,000 digital object identifiers; and
- all the publicly accessible full-text journal articles and accepted manuscripts in DOE PAGES^{Beta}.

SciTech Connect features include:

- ORCID iD account integration;
- semantic search to expand with related concepts or traditional term search;
- full-text search;
- faceted search results;
- in-document search; and
- word clouds.

You can also:

- explore by subject;
- customize and save searches;
- create alerts matching your search; and
- create and manage document libraries.

SciTech Connect

Find technical reports, journal articles, accepted manuscripts, conference papers, patents, theses, books, multimedia, software, and data information.

Use the basic or advanced search to get results or explore by subject.

EXPLORE BY SUBJECT

Biology and Medicine
Chemistry
Energy Storage, Conversion, and Utilization
Engineering
Environmental Sciences
Fission and Nuclear Technologies
Fossil Fuels
Geosciences
Materials
Mathematics and Computing
National Defense
Physics
Power Generation and Distribution
Renewable Energy Sources

Have you authored a report found in SciTech? Authorize SciTech to add it directly to your ORCID Works. Learn more at www.osti.gov/scitech/orcid.
